Breakins result in charges for man, juvenile

A total of 14 charges were laid last week in connection with the seven incidents of theft and mischief in the Haliburton area.

A 25 year old R.R. 2 Haliburton man, Kenneth Wilkinson, has been charged with two counts of break, enter and theft, theft under \$200 and possession of stolen property. A 15 year old male juvenile from Oshawa has been charged with two counts of break, enter and theft, one count of break, enter and mischief, one count of attempted theft, one count of theft under \$200 and one count of possession of stolen property.

Both were charged with break, enter and theft after the Woods Road residence of Clifford Farrey of Oshawa was entered and \$410 in cash and property stolen. \$310 has been recovered. An attempt was also made to steal Farrey's truck, resulting in an estimated \$100 damage. Wilkinson and the juvenile were later charged with attempted theft.

At approximately the same time, a trailer owned by Roy MacPherson of Oshawa was entered, caught fire, and was destroyed, damage was estimated at \$3,500. Wilkinson and the juvenile were charged with break, enter and mischief as a result.

A second count of break, enter and theft was laid against both after the Woods Road residence of Norman Couperthwaite of RR 1 Ashburn was entered and \$60 worth of property stolen. The property was recovered, but damage to the residence was estimated at \$400.

A second charge of break, enter and mischief was laid against Kenneth Wilkinson after the Woods Road residence of Wayne Wilkinson, of Oshawa was entered and approximately \$700 damage done.

A third count of the same charge was laid against Kenneth Wilkinson after the residence of Gale A. McKnight on Highway 519 was entered and approximately \$900 damage done.

Charges of theft under \$200 and possession of stolen property were laid against Wilkinson and the juvenile following a shoplifting incident at Brohm's Variety store in Haliburton. In that incident property valued at \$98 was taken from the store, approximately \$85 worth of the property has been recovered. Wilkinson was held in Lindsay jail pending a hearing Wednesday, December 7.

Take a thermometer that hovers well below freezing, add six inches of new snow, combine them with a hill, and what you end up with is a golden opportunity to try out the sled that's been in storage since last March.

That's exactly what these youngsters did last Saturday at Victoria Street School in Haliburton, amid peals of laughter and more than a few cold but exhilarating spills.

Big Brothers group planned to serve Haliburton County

Haliburton County moved a step closer to the formation of a Big Brothers organization last week when a steering committee for gauging local interest in such a group decided to form a board of directors.

The decision came following a meeting at Haliburton High School Thursday at which an official of the national organization outlined the benefits and responsibilities of a local Big Brothers group.

Clifford Hall, director of agency services and programs for Big Brothers of Canada, said Big Brothers has grown to include 150 agencies across Canada serving close to 6000 fatherless youngsters.

Reason for the success of Big Brothers, according to Hall, is its simplicity.

"It is based on what we might call the therapy of friendship," Hall told about ten people who attended the meeting. The concept, he said is "that as an individual, I can help an individual."

A Big Brothers group would give youngsters between six and 16 years of age who, for one reason or another, lack a father, an opportunity to spend a few hours a

week with a volunteer "Big Brother."

The idea is to provide companionship and guidance on a one to one basis to a boy who would otherwise be forced to do without it.

"In some way," Hall said, the little brother "has a need that is unfulfilled, and our purpose is to meet that need."

Men chosen to be Big Brothers are carefully screened by a selection committee of local organization, Hall said, to ensure that they can provide a positive influence for a fatherless boy.

Youngsters awaiting a Big Brother are also screened as to their interests and needs, so the little brother can be paired with a man with whom he is likely to get along well.

Once a match is made by the selection committee, it is carefully supervised, Hall said.

Men who volunteer to act as Big Brothers spend little or no time with the boy's family. Rather they take the youngsters out for three or four hours a week to share in activities. Companionship rather than entertainment is stressed.

Hall said there is no other social service program "which offers the same possibility for citizen participation that is offered by Big Brothers."

Although youngsters are helped by the program, its advantages are not confined to the boy alone.

"One of the most satisfying aspects of the program," Hall told the meeting, "is the benefit the man gets from the program. In 90 percent of the cases, men who act as Big Brothers say 'this is the best thing I've ever done'."

Zoning change for lakefront lot okayed despite precedent fear

Problems of re-zoning Anson, Hindon and Minden Council has had lately arose again at a council meeting last week.

Gerald Heywood, of Gary F. Vasey Real Estate, approached council to request that a parcel of property owned by his client, Edward Guld, be re-zoned to permanent residential from resort commercial. The property is

located on a lakefront lot.

Council generally have discouraged lakefront lots rezoned to permanent residential in the past, but Heywood insisted that he "didn't see anything wrong with a residence on a lakefront."

Reeve Sinc Nesbitt said his major concern was the actual amending of the zoning itself, and what the change would mean for future requests of the same nature.

"If we do this tonight (amend the zoning), then we can't change our opinion later on for somebody else," he pointed out.

Heywood said home owners should not be "punished" because they wish to build and live in homes on lakefront properties all year round.

"Is there any kind of a by-law that says residential homes aren't allowed on lakes?" he asked council.

Even though there is no ruling in the township prohibiting the re-zoning, councillor Stu Brandon said his main concern is the exploitation of lakefront lots through "pocket development." He pointed out that the township

Board okays changes to HHSS shop program

Haliburton County Board of Education has approved a recommendation from its futures committee that the senior shop program at Haliburton Highlands Secondary School be changed from a three credit to a two credit system.

Approval of the change came at a meeting of the board last Wednesday.

Director of Education J.D. Hodgson said the change is intended to allow advanced level grade 11 and 12 students the option of taking a shop course.

Under the previous credit system, students spent three consecutive 40 minute periods in the shop course they chose. Course requirements for students in academic (or advanced level) programs made it almost impossible for them to pursue a shop option that would tie up three periods of a nine period day. The board hopes the two credit system will result in increased use of the shops since advanced level students will be able to choose a shop option and still meet credit requirements.

Soyers lake house burns, woodstove probable cause

Damage was estimated at \$50,000 in a fire that destroyed a house on Soyers Lake Sunday evening.

Minden volunteer firemen were called to the home of Alex Dolensky at 5:10 p.m. after a neighbour on the opposite shore noticed smoke and flames.

Fire chief Deke Jackson said the fire was well established before it was noticed, and that by the time firemen

arrived, flames had broken through the roof.

The owner was not home at the time of the blaze.

Cause has not been established, but Jackson said the fire appeared to have started in the area of a wood stove.

Firemen remained on the scene for three hours to extinguish the blaze.

Jackson said the building and contents were insured.

Expansion to 18 members raises ire

COTA board altered, Chamber may quit

The Haliburton Highlands Chamber of Commerce is expected to withdraw from the Central Ontario Travel Association (COTA) later this month in the wake of a COTA decision to restructure its constitution.

The constitutional change would see the COTA board increase from its present 12 members to 18 members. Only six of those members would represent tourist councils, with the other 12 seats being filled by members at large. The Chamber's representation on the board would thus be reduced to a single delegate.

Issues leading to the proposed changes came to a head earlier this fall when a former Chamber of Commerce representative to the COTA board declined to run for the Chamber's board of directors but indicated he wanted to remain on the board of COTA. Bill Smith, owner of Elephant Lake Lodge near Harcourt, is a member of COTA's executive, and that body's representative to Tourism Ontario. The Chamber attempted to block Smith from the board on the grounds that he does not represent county wide interests through the Chamber of Commerce. As a result, COTA's constitution came up for review, and a proposal to increase the number of seats on the board and decrease tourist council representation was considered at a meeting in Peterborough last Wednesday.

A motion from the Chamber stated that "COTA is, and should continue to be, an umbrella body representing tourist oriented organizations in the respective regions." The motion, was defeated by the board in a debate that lasted over two hours.

"We just don't fit the organization anymore," Bob Stinson, Chamber manager said in an interview Tuesday. "We shouldn't belong, and I would anticipate that there won't be much discussion on that at our next board meeting. We should get out of COTA."

According to a press release drafted by the Chamber manager, the differences in point of view between the local Chamber and other members of COTA's board results from the "compositional viability of the Haliburton Chamber as opposed to the weak or non-existent organizations in the rest of the region."

The new manager of

COTA, Aldo Campagnola, has been on a collision course with the Haliburton delegates for some time," according to the release. "Campagnola came from Timmins where he managed the James Bay Frontier Travel Association and would like to change COTA's format to one with which he is more familiar."

COTA was formed in 1975 as part of the Ministry of Industry and Tourism's Ontario Travel Association Program (OTAP) and is one of 12 similar organizations in the province. Previously, the Ministry provided grants of up to \$7,500 to qualify in tourist councils to assist in promotional programs. When OTAP came into effect the

funding was discontinued and the money used to fund the 12 regional associations. The ministry provides \$35,000 for administration and \$50,000 for COTA's promotional program, administered from its Peterborough main office.

COTA encompasses six regions, Highlands of Hastings, Kawartha Lakes, Quinte Isle, Great Pine Ridge, and York Simcoe. From the outset, according to Stinson, it was designed to be an "umbrella body" for tourist associations in each of the six areas.

According to the Chamber manager's press release, president John Hogg called a

Youths suffer cuts, bruises as car, log truck hit head on

Two Victoria County youths suffered lacerations and bruises Monday when their car collided head on with a log truck on the Harburn Road near Haliburton Village.

Robert C. Doran, 17 of Bobcaygeon, driver of the car, and Stephen McMullen, 16 of RR 2 Fenelon Falls, were injured when their car collided with a truck driven by Roger Bain, 24 of Haliburton.

Police say the log truck was southbound and the car northbound when they skidded on an icy curve.

Damage to the truck was estimated at \$4000. Damage to the car was estimated at \$2500.

No charges were laid. In other mishaps, a 58 year old R.R. 1 Apsley man suffered minimal injuries

when his car collided with another on Highway 121.

Police say Benjamin Krytowsky was eastbound, east of the junction of Highway 648 when a westbound car, driven by Percy W. Tighe, 81 of Wilberforce, went out of control and collided with the Krytowsky vehicle.

Damage to Krytowsky's car was estimated at \$2000, and at \$2000 to Tighe's vehicle.

An 18 year old Keswick man faces four charges as an indirect result of a single car mishap on Highway 35 at Miner's Bay.

Carl D. Young was northbound at about 1:45 p.m. Friday when he lost control and struck three guideposts on a curve.

Subsequent police investigation of the mishap revealed

that the vehicle, a 1966 car, had plates for a 1968 vehicle last validated in 1977 stolen from Cookstown earlier this year.

Young was charged with possession of stolen property (the licence plates), driving with expired plates, driving without a valid driver's licence and with switching licence plates.

Damage to the car was estimated at \$50, and at \$60 to the guideposts.

A 21 year old Harcourt man sustained injury when the truck he was driving rolled over on Highway 648 near Harcourt.

Lee W. Donatson was northbound when he lost control on a curve and rolled over in the east ditch.

Damage to the truck was estimated at \$1500.

Two Victoria County youths were slightly injured Monday when their car collided with a log truck on the

ice slick Harburn Road about a mile from Haliburton Village. Damage was estimated at \$6,500

Committee hopes to retire debt in next few weeks

Museum fund \$20,000 short of goal

A campaign to raise the private sector share of the new Haliburton Highlands Pioneer Museum near Haliburton Village is just \$20,000 short of its goal, and organizers are hoping donations over the next few weeks will meet that amount.

Building committee chairman Gerry Dawson said this week that some \$35,000 of the \$55,000 private sector cost of the new building has already been raised.

The \$55,000 represents approximately 25 percent of the total project cost. Fifty percent of the cost will be met by Wintario grants forthcoming once the private sector fund raising campaign is complete. The other 25 percent has come from the municipality of Dysart et al.

Construction of the building and renovation of the Reed House, home of the old museum, was completed this past summer. Construction of display cases for the new building is not yet completed, but cataloguing of artifacts and the

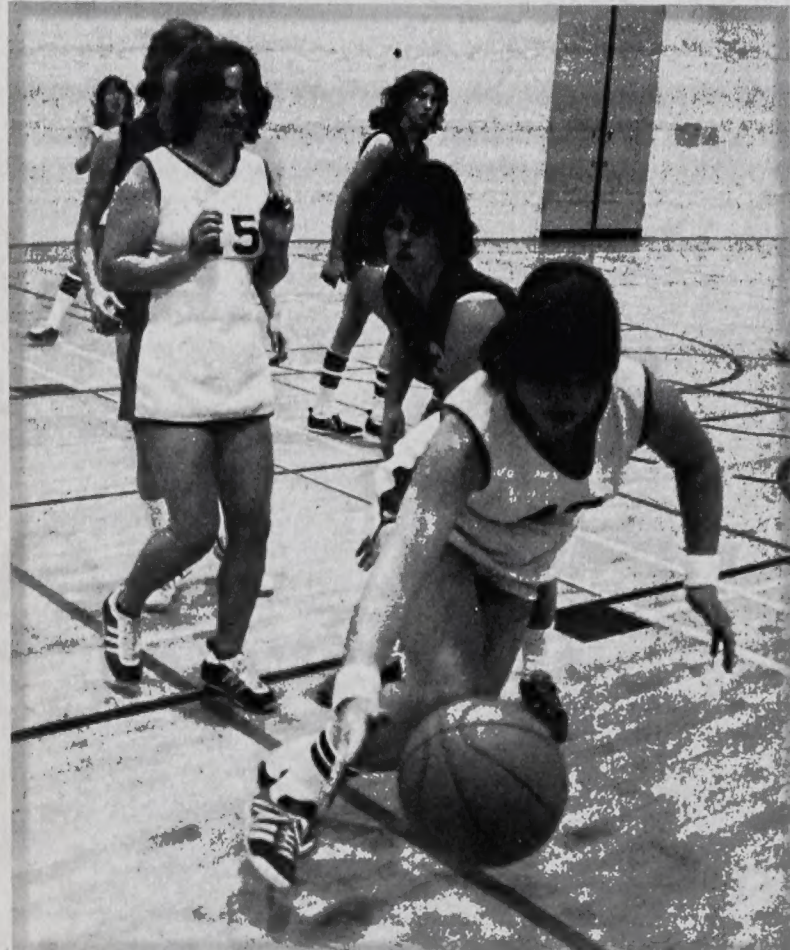

setting up of permanent exhibits will be undertaken this winter in time for an official opening of the museum and renovated Reed House next spring.

Major donations to the project have come from the Rotary Club of Haliburton, Extensicare Haliburton and Imperial Oil, and the Haliburton Kinsmen have also committed substantial financial support for the project.

Letters seeking individual donations were sent out with municipal tax bills in July, and "we've had a good response from some of the ratepayers," Dawson said.

Letters will now be sent to area business people seeking support to retire the final \$20,000 private sector debt.

Individual donations to the project are welcome. They should be sent to the Museum Building Fund, in care of the Municipality of Dysart et al.

Haliburton Highlands Secondary School hosted the girls Kawartha A basketball championships Saturday in the gymnasium at the senior Elementary school. Here a member of the Haliburton junior team avoids a defender from Campbellford, during a hard fought game.

Chamber may quit

from page 1

special meeting of the board to give direction to COTA representatives Stinson and Barbara Bolin when notification of the proposed constitutional change was received.

The release quotes Hogg as saying that the Chamber directors "find it very difficult to understand how anyone could be convinced that the travel association could better serve the region by moving toward individual rather than group control. In their view, the Chamber, representing over 300 businesses in Haliburton County, was the only logical vehicle through which to provide input to the COTA board."

In Haliburton's case, the release quotes Hogg as saying, "this viewpoint makes sense, since the Chamber is relatively strong."

Since COTA came into existence, Hogg said, the Chamber "has become bigger and stronger, while the other regions have weakened."

The change to 18 delegates, will substantially weaken the Chamber's voice on COTA, while the director at large system could in the Chamber's view, be detrimental.

The release quotes Barb Bolin, the Chamber representative to COTA appointed to replace Bill Smith, as stating that "the Chamber has no argument with Bill Smith. They are simply insisting that the only way the county's tourist businesses

can be properly represented is through an association such as the Chamber which has most of them as members. Bill Smith is obligated now to represent nothing but his own business."

Stinson said in an interview Tuesday that the problem the Chamber must face if it opts out of COTA is "where do we go from there?"

"Basically, what happens then is that COTA comes in attempting to sell individual memberships, selling advertising, doing all the things that the Chamber is doing in the area now. Essentially it just becomes another body duplicating what we're doing and competing with us to a great extent for the same revenue."

"That's not healthy," Stinson said. "For one thing, it's backed by government money, and that sort of situation shouldn't exist."

A second option open to the Chamber, according to Stinson, is to secede from the area under COTA's jurisdiction "just draw the Central Ontario border at the Haliburton border. Now Haliburton is a separate entity. As such, you should be entitled to the same kind of funding that COTA is getting."

Stinson admitted, however, that the Ministry of Industry and Tourism, which funds COTA, would be extremely reluctant to back that course of action.

"I don't think that's going to be something that they're going to agree to just like that," Stinson said. "We'll probably be expected to fight for it."

Shop program

from page 1

requirements.

A second benefit of the change is that students following a technical program will be able to select a greater variety of shop courses.

"We're freeing it up so people can take two credits of machine shop and two credits of electrical (for example)," said the director of education.

The change will also mean that single credit technical options will be possible.

Hodgson said the two credit system should allow the board to open up all its shop programs in the face of declining enrolment.

A cheque of \$500 was presented to the Haliburton Pioneer Museum fund courtesy of Imperial Oil last week. Presenting the cheque to museum building committee chairman Gerry Dawson (right) is Giles Connelly, area representative for Imperial Oil.

Lutterworth, Minden agree on fire area

Lutterworth and the Minden Fire Department have reached an agreement over the amount of fire coverage the township will receive.

"They seemed to be pretty happy about it," fire chief William Jackson told Anson, Hindon and Minden council last Wednesday. The department will share the fire coverage responsibilities with Digby, Longford and Som-

erville townships, which are located south of Lutterworth.

The first section the department will cover is any area in the township north of Concession 6 from the eastern boundary to Gull Lake at Pine Ridge. The northernmost portion will include Deep Bay Road, and as far down highway 35 as the Humphrey and Grant Roads.

Jackson, at the Lutterworth meeting, suggested to council that residents be issued telephone emergency stickers so they would know the proper number to call when a fire occurs. He said confusion can arise over which department covers what area in the township, and that sometimes in the past departments have had to travel further than their area of coverage.

Zoning changes, severances occupy Anson, Minden council

At a meeting of Anson, Hindon and Minden council last Wednesday, the following matters were considered:

Leroy Lichty attended Council to request permission to rezone a portion of property immediately adjacent to the Brown Owl Restaurant from Residential to General Commercial 'B' G.C.B. The council agreed in principle subject to a survey being prepared and compliance with all by-laws.

Elmer Hodsoll attended council regarding his property on Minden Lake. By-laws 79-42 and 79-43 were passed.

Mr. G. Heywood, Realtor attended Council requesting a change in the zoning of property owned by E. Gould.

It was resolved that property in pt. of Lot 7, concession 8, Township of Minden owned by Gould be rezoned from R.C.A. Resort Commercial 'A' to Residential.

Councillor Stu Brandon registered a nay vote.

D. Wright, Barrister, attended Council regarding the severance of property in the Estate of Arthur W. McMullen for the purposes of

settling the estate to the satisfaction of the Chief Guardian. Council agreed to allow the property to be split as presented provided that a clause be inserted in the deed that the back lot does not have water access and that access to said back lot be obtained from the private road rather than the township road.

Wm. M. Jackson, Fire Chief attended council to advise that a boundary change for fire protection purposes had been accepted by the Council of Lutterworth Twp. The Minden Fire Department shall cover the area north of Concession 6 from the Eastern boundary to hwy. 35 at Pine Ridge and from the northern most point of Deep Bay.

Council reviewed an agreement from Victor L. Paskaleff Barrister, proposed to fulfill conditions imposed on two severance applications. Council agreed providing the municipality obtain the right to encroach 33 feet from the centre line of the existing roads and allowances

for the purpose of altering, repairing, etc. said roadways.

Jim Garbutt and G. Saunders of the Minden Curling Club attended Council and presented the members with a copy of the proposal accepted by the club.

It was resolved that Council endorse the decision of the Curling Club to accept the firm of Nicol Ream Johnston to proceed with the feasibility study for the Minden Curling Club/Multi purpose building

and the application be made to Wintario for necessary funding.

A letter from R. Wrightman, Realty requested that a property zone be changed from Rural and Residential to Resort Commercial B. Council directed the By-law officer to investigate further in so far as the construction of the road to municipal standards and reserving sufficient area for residential dwellings.

Cont'd. page 3

Minor mystery ends, driver makes himself known to OPP

The unknown driver whose truck was sideswiped last week by a car being dragged by a second truck, has made himself known to police.

Samuel M. Swain, 18, of Haliburton told police his vehicle was hit by the towed car on Highway 519 near Haliburton Village.

Damage to Swain's vehicle

was \$500. He has been charged with driving without a valid licence, and with driving without insurance.

Police also say Susanne Kay, driver of the pickup which snagged the Datsun car in the Beaconbrook Hotel parking lot, has been charged with failing to remain at the scene of the collision with Swain's pickup.

This trailer, owned by Roy MacPherson of Ottawa and sitting on property on Woods Road near Haliburton Village was destroyed in a fire that began after it had been broken into. A 15 year old juvenile from Oshawa, and a 25 year old R.R. 2, Haliburton man, Kenneth Wilkinson, face charges in connection with the incident.

AH&M council meet

from page 2

A copy of the hydrogeological study was presented to Council for consideration.

It was resolved that the following change be made to the Municipal Statement of Planning Policy:

"Section 2.4(6) Design and Density page 12, is hereby changed by adding the following as a second sentence to this section."

"Notwithstanding the lot sizes established by the above paragraph and the preamble to section 2.4, the lands designated as rural estate (approximately 12 acres) in Lot 10, Concession A (Anson) of the Townships of Anson, Hindon and Minden, the minimum lot requirement may be 1400 m² provided:

A) the density of the subdivision is 1 unit per acre when all lots, roads, area of user common, and parkland are considered; and

B) that an adequate supply of water be available to service the lots of this development. In this regard it shall be the policy of Council to require a hydrogeological study to be carried out to the satisfaction of the Ministry of the Environment prior to draft approval of the Subdivision."

Council supported the Victoria Housing Authority's request to the Post Office to arrange the delivery of mail, in bulk, to the Security Officer of the Minden Senior Citizen's Apartment for proper distribution to the respective residents.

Council considered a severance application for Lot 31, Concession 9, and agreed that proof of access to the township road be provided

and the municipality be permitted to encroach 33 feet from the centre line of existing road onto the property being retained for the purpose of road maintenance, repairs, improvements, etc.

Stu. Brandon declared an interest in application 26-79 and refrained from voting thereon.

It was resolved that Applications 26, 27, 29 and 30 for 1979, drawn pursuant to Section 636 of the Municipal Act, be approved in the total amount of \$114,79.

The following accounts were approved for payment: General, \$70,990.; Water, \$85,03; and Sewer, 105,44.

Council endorsed the resolution of the City of Barrie which supports the position taken by the Premier of Ontario in opposing Quebec's White Paper on proposed Sovereignty Association.

Council also endorsed the resolution of the City of North York regarding a wholesale pricing system that would require all hydro users to pay an equal rate so that municipal hydro users are not unfairly required to subsidize large industrial user.

By-law 79-42 having been read a first time be considered as read a second and third time and finally passed, being a by-law to rescind By-law 79-13, being an amendment to Restricted Area by-law 14-67, as amended.

By-law 79-43, having been read a first time be considered as read a second and third time and passed, being a by-law to regulate the use of lands situate in part of Lots 6 and 7, Concession 3 and part of Lots 6 & 7, Concession 4, Township of Minden.

Man charged with assault

A 42 year old Haliburton man has been charged with assault causing bodily harm following an incident in Haliburton Village.

Gary A. Wooten was charged following an incident that took place at the residence of Elaine Boyce, 27, last Thursday.

Wooten was held in Lindsay jail following his arrest and appeared in court Monday. He was released with conditions pending a later court appearance.

Snowmobiler suffers injury

The first snowfall of the winter brought snowmobilers out this past weekend, and resulted in the first accident of the season involving a snow machine.

Police say a 25 year old Lindsay man suffered serious head injuries when his machine left the Old Donald Road, Sunday afternoon.

David Sproule was southbound when he drove off the road on a curve and struck some trees in the east ditch.

Damage to the snowmobile, a 1980 model, was estimated at \$2500.

Big Brother group planned

from page 1

The satisfaction comes from seeing introspective youngsters bloom, youngsters who have been in trouble with the law learn to respect it, or from seeing boys with problems relating to siblings beginning to get along well with others, Hall said.

Average length of a Big Brother, little brother pairing is two and a half years, said Hall, but sometimes the bond

of friendship that forms between the two can last far longer.

Formation of a board to continue organizational work toward a local Big Brothers program is expected to take place early in the new year.

Anyone with an interest in taking part or in obtaining more information should contact steering committee chairman Al Oakley at 457-2450.

A huge culvert is being installed beneath Glamour Lake concession X, to replace a wooden bridge. At top, Carman Titus operates a drag line to excavate a stream bed for the culvert, while Glamour Township road superintendent James Manley looks on. At bottom, Byron McDuff, left and Brian Ingarra assemble the 66 foot long culvert. It is held together by some 2000 bolts.

Police investigate HHSS thefts

Investigation is continuing into a number of thefts at Haliburton Highlands Secondary School, including the apparent theft of a master key. Police say a total of \$145 in small bills, change and a cheque were stolen from the school early Friday morning.

There was no sign of forced entry, but police say they are not yet certain the missing master key was used to effect entry to the building.

Once inside, the person or persons went to the English department office and removed \$80 from the top drawer of a desk.

The locked top drawer of a desk in the drafting room was forced causing \$10 damage, and \$25 was stolen.

A red tin containing a cheque for \$16.75, and \$10. in cash was removed from the front office desk of the school.

A lock had been removed from a locker in the gymnasium as well, but nothing was missing.

Glamorgan council minutes

At a special meeting of Glamorgan Township council November 14, the following matters were discussed.

Council approved the construction of a dock on Part Lot 28, Concession 14, as outlined in correspondence from the Ministry of Natural Resources.

Proposed dredging, Little Glamour Lake, Lot 34, Concession 13 in front of properties owned by Fred Bjerring and Jane Wylie, was approved.

Zoning by-law 79-14, S. 10.6(a) will be amended by removing rural and rural residential and hamlet residential from the second line. Section 10.6 (b) will be amended by including rural, rural residential and hamlet residential zones after shoreline residential zones in line 3, council decided. Totten, Sims, Hubicki Associates will be directed to make the changes.

Council held a regular meeting November 20.

Councillor Joe Fecht declared a conflict of interest with respect to application for severance H325/79.

Council decided that the RU zoning on Part Lot 13, Concession 5 on the north side of Contau Lake will remain as zoned.

An Ontario Home Renewal program application was revised due to an unreasonable financial burden and outstanding taxes.

Application for consent H-325/79 was approved subject to the payment of a \$50 administration fee to the township.

Council agreed to recommend to County council that Robert McNab be the township's representative on the Land Division Committee.

A site plan was submitted by Marjorie Hunter as requested in Part Lot 20, concession 6, and meets the requirements of the M1 zoning. Council decided to ask Totten, Sims, Hubicki Associates to change the zone

from RU to M1 for the lands under consideration, having an approximate lot size of 300' by 450'.

The public health inspection report completed by D. McCrae was taken under advisement, and will be complied with, council agreed.

The Feasibility study for a

community centre report was deferred to the next meeting so council can study it in detail.

An outstanding account for compressor rental by David Reil dated July 8, 1975, was written off.

Motion #2 of November 7, 1979 was rescinded for the

tender by Boice Motors for an I.H.C. truck with Industrech box at \$35,601.04 because it did not meet M.T.C. approval.

A tender from Boice Motors for an I.H.C. truck with Frink box at a cost of \$37,780.63 was accepted, subject to MTC approval.

Minden curlers choose firm

The Minden Curling Club is now at a point where a feasibility study can be started for the proposed new curling rink complex.

The Club, which received tenders for the study from three different consultants,

received permission from Anson, Hindon and Minden council on Wednesday to proceed with the project. The tender from Nicol, Ream, Johnston Consultants for \$3200 was accepted, half of which will be paid by Wintario.

According to Club president Jim Garbutt, the Ministry of Culture and Recreation requested the municipality's permission for the allowance of the grant, and to provide the order of priority for any projects underway.

Council passed a resolution endorsing the committee's recommendation for funding, and that application be made to Wintario for necessary funding.

In other curling club business, Garbutt asked council which party was charged with the monitoring of the snow loads on the roof of the Club, a condition imposed by the Ministry of Labour for this winter.

"I thought you people would be taking care of it," receive Sinc Nesbitt told Garbutt. "We wouldn't be involved in it when our people are on duty." Nesbitt suggested that Garbutt arrange a plan "with somebody reliable" who could clean the roof, and the municipality would compensate for costs.

Garbutt said "there wouldn't be much weight" behind a request to recruit some men, and asked council if some names could be suggested. Nesbitt agreed with the suggestion, adding that municipal employees recruited to do the monitoring "would really be stretching" the manpower available.

Nesbitt directed the by-law enforcement officer to prepare a list of names for Garbutt to monitor the roof.

The snow that fell last week made conditions almost ideal for sliding, as this youngster discovered Saturday at Victoria Street School.

Echo Editorials

In or Out?

The Parti Quebecois isn't the only political body talking about secession these days. The Haliburton Highlands Chamber of Commerce is about to consider its own version of opting out.

In the aftermath of a meeting in Peterborough last week, the Chamber will decide whether or not to break away from the Central Ontario Travel Association. A motion from the Chamber calling for the retention of the "umbrella body" status of COTA was defeated last Wednesday, and COTA will now be made up to 18 board members from six regions, instead of the present 12 members. Under COTA's reformed constitution, only six of those members would come from tourist councils in each of the regions, while the other 12 would be elected at large. The upshot is that the Chamber which is the strongest tourist oriented body among the six regions, would have only a single vote on an 18 member board. As such, its voice would be small indeed. The Chamber is fundamentally opposed to the election of board members from the Highland who do not belong to the Chamber, because it sees itself as the only legitimate voice of tourist operators from this area.

It is reasonable for the Chamber to seek to protect its former dominant position on the COTA board, but the question that must be asked is whether or not it is reasonable for the Chamber to abandon a body which has access to \$85,000 in government funding, \$50,000 of which is earmarked for promotion.

If the Chamber can secede entirely from COTA, setting itself up as a separate tourist region, and if the provincial government accepts the plan, providing funds for promotion of the Highlands as an entity in itself, tourist operators in the county would no doubt be better off. That isn't likely to happen however. What is more probable is that from the government's point of view, COTA will continue to represent six regions, including the Highlands. Having withdrawn from the body, the Chamber will get no special status. It's promotional budget will have to be raised locally, through subscription and donations from municipal councils. And it will have lost all access to the benefits, however limited they may be, of COTA's \$50,000 blanket promotional campaign.

Chamber manager Bob Stinson maintains COTA's effort is largely a duplication of services the local Chamber already provides. Both, for example, produce a lure book. But can the Chamber, acting on its own, reach as many people as are reached by COTA's blanket campaign? Can the Chamber come up with the funds it needs to do a truly effective job of promoting a Haliburton Highlands which does not participate in COTA? It seems at least questionable that the Chamber has on its own, the ability to effectively promote this area's services and attractions to a necessarily expanding market. And at the moment, it certainly does not have the money.

The Chamber's stand is also based on the belief that directors at large who might be elected from the Highlands would not represent the views of tourist operators across the county. Yet it might reasonably be asked whether the Chamber's representatives to COTA are any more qualified to do so than would be a successful and committed tourist operator.

The constitutional changes to COTA may be difficult for the Chamber to live with. But unless councils and business people are prepared to commit significantly more to the Chamber's promotional budget, opting out of COTA may not, in the long term, be in the best interests of the county as a whole.

It takes a man

Sometimes it takes a man to help a boy... but some boys need Big Brothers.

They do indeed. They are boys who, for one reason or another, lack the guidance and support a father can provide. Statistics show that fatherless boys are more likely to get in trouble with the law, more likely to drop out of school. A fatherless boy sometimes finds it hard to cope with problems that are more easily handled by boys who have both parents.

Fortunately, fatherless boys in Haliburton County may soon have the opportunity to find some of the companionship and support they lack. A Big Brothers organization moved a step closer to reality last week with the decision to form a board of directors for such a group in the new year. The board represents a first step but a great deal of work will have to be done before the first Big Brother and little brother are paired.

Making that match possible will require the volunteer effort of many people. The need is here. The seed has been sown. But committed people are needed to nurture the organization.

There can be few projects with more important aims, and few projects with greater potential for long term benefits to the community of Haliburton County.

The Big Brothers program deserves the support of all who care about the future.

"Serving the Highlands for over 50 years"

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for over 50 years. Established in 1922 as The Minden Echo and Haliburton Recorder and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited in Haliburton, Ontario, Box 360, K0M 1S0, Phone 457-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads as to their classifications and to edit or reject any copy.

Letters to the Editor

Editors note: From time to time the Echo receives Letters to the Editor which are not signed. We regret that for legal reasons, these cannot be printed. We welcome reader participation on local issues, and will publish all signed letters, subject only to discretion where libel or slander may be involved. Only under exceptional circumstances will letters appear without naming the writer, and only when the writer has made him or herself known to the editor and provided legitimate reasons why his or her name should not be used.

To the Editor:

On Friday evening, November 27 a benefit dance was held for Marion Teatro and her sons at the Haliburton Legion. This benefit dance was held to raise funds for Marion who had suffered heavy financial losses when her business was vandalized and her equipment and supplies destroyed. Marion, unfortunately had no insurance coverage for such acts.

The people of the area responded and proved once again that Haliburton is a community with a heart.

A bank draft for \$932.00 was handed to Marion on Thursday, November 29. This amount was raised due to the support and co-operation of the citizens, local businesses and organizations in the area.

A special thank you goes out to the following people and groups:

- The Royal Canadian Legion, Branch 129, for donating the hall and the profits from the bar.
- The Ladies of the Legion Auxiliary for donating their kitchen, the tea and coffee and their time.
- Mr. Carmen Peters and the members of his band for providing the music for the dance, and Mr. Ed LaPorte for the use of his sound equipment.
- For food, prizes and table centres: Easton's Red and White, the Haliburton I.G.A., Mike's Milk, Dodd's Store, Hilltop Market, Nancy's Flowers, Coca Cola Ltd., Hostess Chip Co. (Mr. Ray Gervais), Cordell Interiors, Stedmans, Candlewood Gifts, Pollards, Varty's Jewellery, Mr. and Mrs. Youngdale (Texaco), Mr. and Mrs. G. Connelly (Imperial Oil) Paulette's Antiques, Dr. H. Good.

Finally very warm and heartfelt thanks to all the people who purchased tickets for this benefit dance, either during the advance sale or at the door.

A display of community involvement and caring such as this makes one proud to live in this area.

Gerald and Joan Irish,
Haliburton, Ontario.

To the Editor:

May I use a letter to you as a means of letting the people of Wilberforce and surrounding villages know what has happened here, re: a family of "boat people".

The Christian Prayer Group (an inter-Church Bible Study and Prayer Group) here has requested a family of "boat people" through the Govern-

ment. To date we have had no reply, but felt we should ask for voluntary contributions in order to have some money ahead, should a family be sent to us on short notice.

Consequently we opened a bank account at the Bank of Nova Scotia in Wilberforce. This account for the "boat people" stands at the moment a bit under \$1,000.

Any donations sent in are tax deductible and can be made through any of the local churches, or to the church treasurers, United Church - Harold Herlihey, Harcourt Chapel - Wayne Rutter and Anglican Church - Jim Ross.

We are grateful to those who have contributed, but we will need a great deal more support if we are to be responsible for a family for a year, if they require help for that period of time.

Those who have contributed, please be assured that your money is safely in a bank account to be used only for a local family of "boat people". If it does not turn out that we receive a family, each contributor will be contacted to see if you want your money returned or given to help other "boat people".

Thank you for the space in your paper.

Sylvia Cameron (Treasurer)

To the Editor:

How can we justify immigration with 7.42% unemployment (743,000)?

Original settlers did not come to a developed country with liberal social benefits. Will the new breed settle on the frontiers? It is not obvious. And why colour that will not integrate with our original mix?

Yours truly,
Arthur Boothe,
Minden, Ontario

To the Editor:

In Mr. Bob Stinson's column on November 28, 1979, he referred to some of the participants at the Rare Earth Mines meeting in Wilberforce as "anti everything" groupies.

The dictionary describes a "groupie" as a female who follows rock and roll stars or other male celebrities with the view to engaging in sexual acts. Since two or three of the speakers were men, there seems to be a simple mistake or slur being made in Mr. Stinson's reporting. I'm sure he wouldn't refer to the speaker of Haliburton Anti-Pollution Committee in those terms. Surely, since Mr. Stinson's column is written in any vein he wishes, thus exercising his freedom of the press, he would not deny someone else's freedom of speech.

As for these same people not identifying themselves, and their terms of reference, that responsibility lies solely with the people who called the meeting (Rare Earth Mines). They set the rules for the meeting. Therefore the participants can not be held responsible for what the chairman neglected to do.

The meeting, Mr. Stinson, was generally

Cont'd. page 8

Feir Play

by Creighton Feir

Winter has finally arrived here in Haliburton County and after a long delay we have run into that white stuff that is known as snow. Some people keep talking of how wonderful it would be to have a green Christmas. It's not for me. I don't think that it ever feels like Christmas without snow. I'm dreaming of a White Christmas and I hope that you are too.

There is no doubt in my mind that the Grey Cup week and game brings Canadians closer together. The Grey Cup game itself is also distinctly Canadian in that it brings East and West together in an atmosphere of good will. There is something particularly warming about it when all of the provinces get together particularly warming about it when all of the provinces get together to show their loyalty and it makes us all feel great to be a Canadian. When one thinks back over the past year or two when at times the Provincial leaders seemed to be at each others throats, it is great to think that for at least two or three days of the year they gather for the Grey Cup which seems to unite us all. An annual event now in conjunction with the Grey Cup, are the Grey Cup parties, held in various homes throughout Haliburton County. These parties are one way to get the people together for an afternoon of friendship and a real good chit chat before the game, while the game is on and following it. It's a time when people gather together who, during the week, never seem to have time to speak to each other and this gives them the opportunity to talk and relax together. If the Grey Cup game doesn't do anything else, it does give us a glimmer of hope that we can work as a unit to keep this great Country of ours united.

The Haliburton County Echo and Minden Recorder offers its readers the opportunity to express opinions on matters of concern to the area. If there is something you would like to comment on, whether it is good or bad, send us a letter stating your case. To have a Letter to the Editor published, it must be signed with the person's name, address and telephone number.

I had a note from one of my good friends David Clee who now resides in Leaside. It was sure good to hear from him and it brought back many memories of the good times we had together when he was a teacher at the High School here. He tells me that he is now retired, but still as busy as ever going out giving speeches and he is writing a text book. He hopes to be in Haliburton for a visit with his old friends one of these days.

We all seem to be very disturbed over the state of the economy and rightly so and how it is going to effect each and everyone of us here in Haliburton County. For the first time in years local citizens are starting to wonder just how bad things are going to get back here in the Highlands, before they get any better. Don't let anyone tell you that things are rosy here because they are not. Granted the economy in most parts of Canada is not all that good at the present time, but back here it is especially bad. I wonder how bad things really have to get before we start to realize that we have to have more than two months tourist business in the summer to survive. We have to get something in this County that is going to employ some people and get some money back into the local economy for twelve months of the year. We can no longer just go on thinking about ourselves, we must start thinking of others.

On Thursday evening, November 22nd, the Rotary Club of Haliburton hosted a joint meeting of the four Haliburton service clubs at the Legion Hall. Seventy five people were present and each service club was well represented. The presidents of each service club namely Wim Magee of the Lions, Pat Kennedy of the Kinsmen, Vince Connaughan of Rotary and Allan Cooper of the Legion each outlined the work of his club, their future plans and each expressed the hope that this joint meeting would become a regular affair. Bob Stinson spoke briefly on behalf of the Chamber of Commerce. The guest speaker of the evening was Murray Fearrey who spoke of the future plans being considered for the development of the village in the 1980's. This meeting was more than just a get together, it was an evening when the four clubs sat down with each other for one common cause and that is service to the community. In some cases it was the first time that some of the service club members had the opportunity to really get to know the person they were sitting beside. As many who attended said afterwards "we need more meetings just like this one."

Did you ever stop to realize just how many people are involved in minor hockey in Haliburton County? Just drop into the arenas at Minden, Wilberforce or Haliburton during the week or especially on Saturdays and you will see all the young players strutting their stuff in front of their parents and friends. The coaches, managers and referees are also there to perform their duties. Practically any night of the week and especially on Saturdays minor hockey teams are either hosting other teams in these three centres or they are on their way to play hockey with other teams in other areas.

A one day Seminar was held recently at Trent University in Peterborough on the subject of Death, Bereavement and the Child. Those who attended from our area were Gordon Monk, Lynn Johnson, Deborah Packard, Gary Brohman and Rev. David Barker. In conversation with Mr. Monk he said it was a very worthwhile day which gave all those who attended a new perspective on the problems associated with grief.

In a note from Ivan Hagerman he said that I was in error in the caption under the photo of the Haliburton Public School hockey team of 1941 that appeared in our Pic of the Past on October 31st. The name of the coach should have read Ralph Hagerman, not Hussey.

Pic of the Past

The lady standing at the back in this photo is Mrs. Jane Cooper who in her sixties had Sunday school in her home for her neighbours children. She also attended the birth of most of these children and they all attended the West Guilford school. When this picture was taken they are getting ready to return home. These children all remember the grand old lady as aunt Jane who lived to be over 90 years of age. The photo was taken around 1946. In front Elwood Morrison. Second row from the

left Bernice Morrison, Evelyn Morrison, Linda Sims. Third row from the left, Ray Barry, Garry Barry, Carl Sims, Gloria Sims. Fourth row from the left, Tom Barry, LeRoy Henderson, Dennis Barry, Boyd Sims, Bradley Sims. Back row from the left, Janet Woodcock, Jessie Sims, Glenda Barry, Noreen Woodcock. Our thanks to Mrs. Kay Barry of West Guilford who sent in this picture.

Report from Queen's Park

by MPP John Eakins

Early last June I wrote to the Minister of Transportation and Communications drawing to his attention a potentially dangerous situation on Highway 35 near Pleasant View Estates. My request for a review of this area was in support of the Township of Fenelon.

As a result, the Ministry will construct a left-hand turning lane at this boundary road location in the 1980 construction season. Working together with the Township has produced results and the motoring public will realize some protection from this dangerous area.

My colleague, Eddie Sargent (Liberal MPP, Owen Sound) has reintroduced his private member's bill on electricity rates. This bill incorporates the "Lifeline" idea (as it's known in jurisdictions where it's now in use), which provides a low, fixed-price for the amount of electricity used by each household. Beyond the basic amount, the rates per kilowatt hour move progressively higher. In other words, the more you use, the more you

pay. It is to be hoped that this bill will receive approval, particularly if the current Ministry review of hydro rates does not support such a change in provincial rate structure.

More than 200 jail guards and their supporters demonstrated on the steps of the Legislature this week to dramatize their demand for a separate collective bargaining unit within the Ontario Public Service Employees Union. Organizers had asked the Chairman of the Management Board, responsible for administering the Crown Employees Collective Bargaining Act, to address the demonstration, but no government representative appeared. Jail guards were members of the Canadian Union of Public Employees before the Act's passage. Since their assignment to the health care category of the OPSEU, their wage levels have slipped badly. A guard earns \$16,000 a year, compared with \$21,800 for a Metro police constable who, they argue, does comparable work.

Legislation to prohibit discrimination against physically handicapped and mentally retarded people in housing, employment and in public places such as restaurants has been introduced. This will be enforced by the Ontario Human Rights Commission. Fines of up to \$10,000 are proposed. The Minister of Labour said the bill would protect the physically disabled, including epileptics, the mentally retarded and others with learning disabilities, and people with a past history of mental illness from discrimination.

Report from Parliament

by Bill Scott MP

Last Monday, November 26, the House of Commons continued with second reading debate of Bill C-4, an Act to amend the Federal Business Development Bank Act.

The Federal Business Development Bank was established by an act of Parliament in 1974. That act provided for a maximum amount of paid-in capital from the federal government of \$200 million. The 1974 act also provided a formula for the maximum lending commitment by the FBDB, limiting the Bank's outstanding loan commitments to about \$2.2 billion.

The FBDB Act provides that the bank can make loans where financing is not available under reasonable terms and conditions from private lenders. The Bank has grown from approximately 24,000 customers when it was the Industrial Development Bank, its predecessor, which has \$1.2 billion outstanding in 1974, to 38,000 customers, and \$2.1 billion today. The bank is therefore approaching its lending ceiling of \$2.2 billion. This is the reason for Bill C-4, to raise the Federal Business Development Bank's maximum lending authority to \$2.6 billion. A review of the Bank's objectives and policies is presently being carried out, but if the Bank's financial requirements exceed the \$2.6 billion during the review period, Bill C-4 empowers the governor-in-council to make a further upward adjustment to the limit to fifteen times the Bank's capital.

The FBDB is currently lending \$75 million per month on average. As each loan averages \$50,000, this represents 1,500 Canadian businesses per month which receive term loans from the bank. In 1978 FBDB financing was estimated to assist in the creation of 20,000 new jobs and the preservation of 16,000 existing jobs. Until 1961, the Bank's lending activity was restricted to industrial enterprises, but today, after the 1961 amendments which removed all restrictions as to the type of enterprise to which the bank could lend, loans to manufacturing, trade and tourism, make up about one-quarter of the FBDB's annual loans. It is significant too that the Bank's greatest activity is in small towns and rural and remote areas where investment capital from private institutions is not to be available.

The FBDB also provides term financing for new businesses or investment projects of existing businesses which are generally of a higher risk or a smaller size than the private lenders are usually prepared to accept. In the year 1978, 65 percent of the Bank's borrowers did not have a proven track record. Also, loans to manufacturing, which are usually considered to be better secured than loans to trade and service industries, make up on 22 percent of the Bank's lending, compared to an average of 40 percent for manufacturing by the large private institutions. Conversely, loans to wholesale and retail firms, considered to be a

From the Chamber

by Bob Stinson

Let's Hear It for the "Highlands"
One of our local "scribes" has raised the question several times of late as to why the "Highlands" is used so often in business names. On the other hand, it can be safely said that the Haliburton Highlands Chamber of Commerce agree with this usage and encourage the trend to continue.

The "Highlands" have come to mean the county as a whole, and it of course is a more colourful and descriptive way of saying it. When a business, a club or association use the word "Highlands" in their name they are indicating their intentions to relate to the whole county versus the immediate population centre they are based in.

Because our permanent population in this county is relatively sparse, we must, in many cases, think on a county wide basis to make things work. We have here the only county-wide Chamber of Commerce for that very reason. We should be very proud of this beautiful county we live and work in, and somehow when you call that county the "Highlands" you are saying just that.

About Advertising

There are getting to be a lot of ways to advertise your business. Some are effective and some are bordering fraud. Some business people have expressed dismay at the number of publications that are being made available - but in the meantime many of those same businesses were part of a number that placed a total of over \$7,000 worth of advertising in a "Police Safety Hand Book" that didn't reach anyone than the advertisers.

The Chamber this year is publishing three books, a Winter Book, a year-round Directory, and a Building Trades Directory. The Snowmobile Association is printing their trail maps and the Hockey Tournaments have programs coming. All of these books are valuable to the programs they serve, and are only made available through the support of the advertising they contain. It is therefore important, if advertising dollars are going to be spread over more publications that we take a little more care where it is going. The Chamber can help you with these decisions, particularly if you are not sure about the organization or company that is selling the advertising. We urge you in such cases to call the Chamber (286-1760) and ask us about it. If we are not aware of the situation ask the salesman to hold off so that we may investigate. Legitimate organizations or companies will not hesitate to allow the Chamber to confirm their story.

Ontario Chamber calls for more Restraint

In their annual submission to the provincial cabinet the Ontario Chamber of Commerce stressed the need for more spending restraint.

Cont'd. page 20

Bill Smiley

Well, I seem to be able to influence the weather merely by writing a column about it. So let's try it again.

Early in October, I wrote a column laudatory of those golden October days, with a sky of infinite blue, just a pleasant tinge of melancholy in the air, and a general sort of blat along those lines.

Promptly, without even a decent interlude, October turned into a monster. One of

my colleagues, in whom I place infinite trust because he is always wrong, and I go from there, told me that this October had had approximately one-third of the sunlight hours of a normal October. For once, I believed him.

November, surely the foulest month of the year in this country, with the possible exception of March, is living up to expectations. One day

of watery sunshine, four days of rain and dark skies. That's why I'm writing this. By the time it appears in print, the second half of November will have turned out to be a giddy adventure of belated Indian summer, with a touch of the deep south thrown in.

November is a nothing month. The leaves are all gone. In fact, they're lying on your lawn, if you're like me, dank and soggy and heavy.

The chap who's to put on your storm windows has gone into hiding, letting his phone ring its head off. And when he does come, the windows don't fit, because the sills have swelled through the inordinate rains. Or something.

The skiffs of snow become skiffier every time there is one, and any day you'll get up and it's midwinter.

November is darkness and depression. And one of the most depressing things in view is the proliferation of Santa Claus and the four colour advertisements for Christmas gifts, and the ridiculous beginning of Christmas, so called music.

There are snow tires to get on, and snow shovels, snow boots, and heavy clothing to dig out, each one a dull sickening thud on one's spirits.

This year, as in every other November, the government, whatever the shade of its coat, is waffling and indecisive and obtuse and strangely

Cont'd. page 8

Letters

from page 4

conducted with mutual tolerance, and respect for others' opinions and views. When you report on the next meeting, maybe, you can keep these points in view.

Thankyou.

Pearl Foster, Tory Hill

To the Editor:

I was completely amazed and disgusted to read that a group of busybodies exist in this area who would try to deny the residents of Extencicare the same rights and privileges which senior citizens outside the home enjoy by law.

The present application should be pushed through a hearing even if the people have the nerve to sign another petition; also the Echo as a public service, should publish the names of those who would sign such a proposal to deny senior citizens their right.

Furthermore the LLBO inspector who advised withdrawing the first petition and cost Extencicare the amount of \$180, should be reprimanded by the LLBO. The LLBO also should remit the \$180, to Extencicare so that the residents can be reimbursed for the cost of the second application.

Vincent J. Smith, P. Eng.,
Wolf Lake, Gooderham

To the Editor:

Re: Extencicare News, October 31, 1979
In Dr. W.O. Anderson's column of October 31, 1979 mention was made of a C.B.C. program interview. The discussion centered around transportation of the physically disabled. In the survey, done by St. Joseph's Hospital of the five county area, it was discovered there were approximately 22,800 people with varying degrees of physical disability. Many of these people, (54% under age 64, 26% under age 44) are in an age bracket where schooling, earning a living, and making a lifestyle

COUNTY ECHO SPORTS

Eye on Sports

by Joe Banks

It's now well into the season for the Haliburton Huskies, and it might be a good time to stand back and assess how the team has done, is doing, and how they may do in games to come.

If you've seen any Huskie games this year, you may have noticed something different about them compared to last year's squad. At first, it was probably difficult for you to put your finger on it, but if you watched the game last Saturday night at the arena, it probably struck you.

The penalties. Do you remember last year's team, and the incredible number of infractions, both major and minor, they wracked up over the course of the season? Do you remember the fights, the helmets on the ice, the flailing of the sticks, the booing?

Such is the case no longer. The 1979-80 Huskies are a vastly improved team over last year's because they play cleaner hockey. That's all. The lads are sticking more to skills, and because there aren't that many new players on the team, the welcome change can only be attributed to the coaching of Larry Hartin and Mark Schell, the new staff behind the bench.

The Huskies lost that game against Bancroft the other night, granted. But the true test of a hockey squad devoted to winning the clean way is the style of their play when they're losing a game. Players tend to get chippy, especially in the third period, and often they'll become apathetic. It's very easy to say to oneself "what does it matter? We're going to lose anyway. I might as well lace a few of them."

But the Huskies didn't lace a few of them. In fact, Bancroft had only two penalties less than the home-town boys, a remarkable accomplishment considering the wide margin by which the Huskies were losing.

And when I watched how those guys controlled themselves, I was, well, I was proud to see a team representing our community play hockey the way it's supposed to be played. It sounds corny, but it was better than wearing a paper bag over my face every time I went to watch a Huskies game last year.

The Huskies have a more effective offensive machine this year too. Chris Hodgson has been scoring more points than Carter has peanuts. Coach Hartin has wisely been shuffling around some of the lines, brewing up deadly combinations such as the line of the Roberts boys, Dave Brown and Steve Davies.

The back-up is an asset as well. Kevin O'Hara, Mike Rae, Dwight Sisson, Mike Scheffe, Jerry Campbell are the five hardest workers on the team. The balance of the squad provides the right consistency in play making, but there are still a lot of weaknesses in basic puck-handling and passing.

If the Huskies can get it clicking, then they will evolve into one of the best versions of the team this village has seen since the days of cotton jerseys. Right now, their clean play and hard work, I'm sure, will not go without reward...

...Some additional minor hockey scores have just come in from Minden, information that is not destined for the Scoresheet, so I will list them here. In Oakwood on November 26, the OMHA Minden Atoms were defeated by the hometowners by a score of 5 to 2. Scorers for Minden were Gord Wood and Tom McLeod. Also in Oakwood on Monday night, the PeeWees were downed by the local team 5 to 0. Jeff Howe and Paul Walker sat out that game after they received misconducts. Boy, Oakwood must be a tough place in which to play! The Juvenile team #2 was defeated by the squad by a score of 15 to 0. What do those guys eat for breakfast? In Tri-County play, the Novices fared better against Little Britain, as they won by a score of 12 to 1. Jeff Francis got an amazing six goals out of the game, Scott Russell picked up three, Sheldon Stevenson put in two, and Joey Boyle had one goal...

...The lakes aren't frozen over yet, so you snowmobile enthusiasts are going to have to wait a while before you can open that machine up. Unless you plan to go boating with your Ski-doo, the lakes should be ready by the middle of January, but call the local Ministry of Natural Resources just to be sure...

Cont'd. page 7

Scrambles like this for the puck were a common sight at the Dysart arena Saturday night, but the Haliburton Huskies went down in defeat against the Bancroft Jets by a score of 9 to 4. Chris Hodgson, seen in the photo wearing the white helmet, scored three of the Haliburton markers.

Harry Baker rolls a 715 triple in Tuesday Combines

Harry Baker bowled some hot games in the Tuesday Night Combines league, coming up with a big 715 triple, from singles of 265,

221 and 229.

Pearl Foster came close to breaking 700, rolling a 696 triple, and singles of 276, 194 and 226. Bill Green had a 665 triple, with singles of 209, 230

and 226. Lil Gorveatt rolled a 626 triple with singles of 251, 223 and 152, and Don Boland just edged in a 600 triple with singles of 175, 178 and 247. High singles were bowled

Bancroft blasts Huskies, but Lakefield loses at home

Chris Hodgson picks up hat trick in Saturday game

The Haliburton Huskies performed a little unusually last week, winning a game on visiting ice in Lakefield, and losing at home against Bancroft on Saturday night.

The team, after getting off to an excellent start at the beginning of the year, has been performing statically lately, splitting games in the last three weeks of play.

On Saturday night, at the Dysart arena, the Huskies just couldn't seem to get their game together, as they went down in defeat to the Lakefield Chiefs by a score of 9 to 4. The problem didn't seem to be penalties—indeed the team only incurred 16 minutes through the whole game—or the lack of offense. The goal tending, split between Paul Beattie and Craig Wood, was weak, as a result of an injury to Beattie during warm up, and the Huskies defence disintegrated under strong Bancroft pressure.

Testimony to these facts was the scoring in the first period of the game, with Bancroft scoring four successive goals at 4:47, 6:37, 10:07 and 13:18. Chris Hodgson,

who played a superb game, scored first for the hometowners at 15:58, off a set-up from Ed Roberts and Mike Rae. But Bancroft flicked one past netminder Beattie with

only two minutes and seven seconds remaining in the period, to take the lead by a score of 5 to 1. Because of his weak showing due to his injury in the first period, coach Larry Hartin decided to pull Beattie and substitute Craig Wood for the remainder of the game.

The Huskies managed a more respectable showing in the second period. Dwight Sisson drove home his third goal of the season at 4:09, assisted on the play by Hodgson and Kevin O'Hara. But Bancroft scored about a minute later to nullify the effort. Hodgson battled for his second goal of the game, and his eighth of the season at 13:53 when Sisson and Ed Roberts set him up. But once again, Bancroft's tough offense came back with a goal at the 14:43 mark to end the period with the score at 7 to 3.

The visitors continued to halt repeated attacks by Huskie guns Hodgson, Joe Roberts and Steve Davies, and continued to score goals. At 3:37, Bancroft added another to their already high score, and put the icing on the cake at 18:23 to increase their margin to nine. But Hodgson, not to be outdone, scored his hat-trick goal at 18:56, with backup on the play from Joe Roberts and O'Hara. But the deed was done. Bancroft expended the Huskies resources, and the final score ended 9 to 4 in the visitor's favour.

The loss seemed to light a fire under the Haliburton squad, as they took it to the Lakefield Chiefs on Sunday night on visiting ice. Wood stayed in the nets for Haliburton, as Beattie's knee injury still prevented him from playing.

The Huskies haven't fared too well on outside ice this year, but they surprised the home team, who scored first with only 19 seconds into the period. But as the period wore on, and as the Huskies offensive machine went to work, Hodgson scored on a power play goal at 13:18, backed up on the play by Joe Roberts.

That momentum carried over into the second period, when Sisson picked up a goal assisted by Hodgson and Ed Roberts at 14:00. But again Lakefield fought back to tie the game at 8:04. The final marker in the period came from Joe Roberts with only

Cont'd. page 7

Wilberforce hockey currently underway

The Wilberforce Minor Hockey Association finally got their season off the ground last week, as Atom, PeeWee, Bantam and Midget games were played.

On Monday, November 26, the Wilberforce Atoms met the team from Bancroft in what proved to be an exciting and well-matched game, as it ended in a 3 to 3 tie.

On the same evening, the Bancroft PeeWees toiled with the Wilberforce lads, and had better success than their Atom counterparts. Bancroft won the game 6 to 1.

The Bantams had a busy week, through not successful in any of their three games. On Friday, November 23, they took on Bancroft for their first game of the season, but ended up losing in a close 4 to 3 match.

3 match.

Apsley was the team to beat for the Bantams last Friday, but the local lads were shut-out by a score of 2 to 0. The boys played Apsley again on Saturday, with the result coming out again 2 to 0 in Apsley's favour.

The Midget/Juveniles, however, have gotten off to a big start this season, as they have won all three of their opening games.

On Friday, November 23, the lads played Apsley, defeating them by a 5 to 4 margin. It was close again on Wednesday, November 28, when Wilberforce again defeated Apsley by a score of 4 to 3. The team's third win came on Friday night when they took on Bancroft, topping them handily by a big 10 to 7 score.

SCORESHEET

OMHA PeeWee, played in Minden on December 1. Minden vs. Oakwood.

First period: No goals were scored by either team. No penalties were incurred by either team.

Second period: Oakwood scored first at the 5:42 mark, and again 12 seconds later to take a 2 to 0 lead. At 9:20, Minden's Jeff Howe scored an unassisted goal.

Third period: Howe scored his second goal of the game at 9:20 for Minden, assisted by Greg Newell and Mike Gorveatt. The final goal of the game came at 13:03 when Oakwood scored. One penalty was incurred by Oakwood.

Final score: Oakwood, 3, Minden, 2.

OMHA Midget, played in Oakwood on November 26. Minden vs. Oakwood.

First period: Oakwood scored first with 35 seconds into the period. Minden scored five goals in a row at 1:22, 1:54, 11:34, 11:45 and 12:04 marks. The first was scored by Dave Lennie from Kevin Hamilton, the second was scored by Ivan Ingram from Ron Yake and Kevin Shapiera, the third was scored by Yake unassisted, who scored the next goal as well from Greg Austin, and the last goal of the period was scored by Austin from Ingram and Shapiera.

Second period: Minden's Hamilton scored at 2:37 from Shaun Chapman. Oakwood scored three goals in a row at 3:01, 3:32 and 5:02. Shapiera scored for Minden at 7:21 from Yake and Lennie, and Brent Moxam scored from Chapman and Andy Pristol.

Third period: Minden scored first at 3:39 from Yake, with assistance by Ingram and Austin. Oakwood scored next at 4:22. Minden then scored two goals in a row at 7:45 and 9:05, the first was by Chapman unassisted and the second came from Moxam assisted by Hamilton and Chapman. Oakwood scored the two final goals of the game at 9:22 and 11:37.

Both teams incurred a total of eight minutes in penalties during the game.

Final score: Minden 11, Oakwood, 7.

OMHA Juvenile, played on November 30 in Minden. Minden team #1 vs. Woodville.

First period: Tim Davies scored first for Minden at the :47 mark unassisted. Woodville then

scored four goals in a row at 2:09, 4:01, 13:23 and 13:38. Tim Davies scored his second goal of the game at 13:48 assisted by Kim Hamilton and Roger Hicks. Hamilton himself scored at 14:36, assisted by Davies and Hicks.

Second period: Minden's Hamilton scored at 4:31, with assistance on the play from Greg Carpenter and Gary Harrison. At 14:26, Shaun Silvers scored for Minden from Ingram and Harrison.

Third period: Woodville scored at the 2:28 mark. Final score: Minden, 5, Woodville, 5.

Tri-County Novice, played at Minden on November 27. Haliburton vs. Minden.

No scoring in any of the periods, and one penalty was given to Haliburton in the third period. Earning the shut-outs were Kent Taylor for Minden and Gavin McKnight for Haliburton.

Tri-County Bantam, played at Bobcaygeon on November 26. Minden vs. Bobcaygeon.

First period: No scoring by either team. Second period: Bobcaygeon scored late in the period.

Third period: Minden's Scott Danilko scored first from Terry Groves and Kevin Forbes followed up with assistance from Larry Misco. Bobcaygeon then scored two goals in a row.

Final score: Bobcaygeon, 3, Minden, 2.

Tri-County Bantam, played at Minden on November 30. Minden vs. Woodville.

First period: Woodville scored six goals in a row. Second period: Woodville scored first. Minden's Larry Misco scored assisted by Danny Hayes. Woodville scored the final goal of the period.

Third period: Minden's Hayes scored first from Misco. Forbes scored next assisted by Danilko, and then Woodville scored. The final goal of the game was scored by Forbes unassisted. Woodville incurred a total of 10 minutes in penalties, while Minden incurred four.

OMHA Midget, played at Haliburton on November 27. Haliburton vs. Manvers.

First period: Manvers scored first at the 8:32 mark. Haliburton's Dave Nicholls scored at 5:43 assisted by Ed Davis and Duff Mitchell. Haliburton incurred no penalties to Manvers three.

SCORESHEET

from page 6

Second period: Manvers scored at the 14:39 mark. Haliburton then scored three goals in a row at 13:53, 11:04 and 4:03. The first was scored by Darren McInnis assisted by Tony Scheffee and Paul Madden. The second was scored by Scheffee from McInnis and Dave Elstone, and the third was scored by Nicholls assisted by Norm Barry and Glenn Evans. Manvers scored next at 2:57. Haliburton's Madden scored assisted by Scheffee and McInnis. Manvers scored next at the 1:01 mark. With eight seconds left in the period, Haliburton's Rob Abbs scored assisted by Davis and Nicholls.

Haliburton incurred five penalties to Manvers six.

Third period: Haliburton's Nicholls scored at 11:57 with assistance from Evans and Davis.

Huskies split

from page 6

four minutes remaining, with assistance from Dave Brown and Stu Hogg.

The third period was Huskies all the way, as Steve Davies scored the first goal of the period, with aid from Brown at 17:13. Hodgson came up with his second of the game at 10:14 with back-up from Mike Scheffee and Brown. At 9:16, Scheffee himself socked one away with assistance from Rae and Hodgson. The Huskies final goal of the game was scored by Brown from Joe Roberts and Scheffee at 6:39.

But Lakefield capitalized on Haliburton's over-confidence, and scored two goals, the first coming at 6:17, and the last with only eight seconds remaining in the game. It was too little and too late, however as the teams skated off the ice with the score halted at 7 to 4 in Haliburton's favour.

Chris Hodgson is having an extremely strong season, with 11 goals and 11 assists for 22 points so far, making

him one of the top point-getters in the league. Steve Davies has five goals and 11 assists for 16 points, and both Dave Brown and Joe Roberts have 15 points each. After five games played, Paul Beattie has a 5.4 goals against average, while back up goalie Craig Wood, after 3 games has a 3.3 goals against average.

So now the Huskies move down to second place after their defeat at the hands of Bancroft Saturday night. The Jets have six wins and two losses for 12 points, the Huskies have five wins and three losses, for 10 points. Lakefield is in third place with three wins and five losses for six points, and Bewdley is still sitting on the bottom with one win and seven losses for two points.

The Huskies play their next game Wednesday at 8:15 when they travel to Bewdley to take on the Rangers. It will be a home and home series, with Bewdley coming to Haliburton this Saturday night. Game time is 8 p.m.

Eye on Sports

...As for you skiers, both alpine and cross-country, snow conditions throughout the Highlands are improving, and slopes and trails should be close to ideal in a week or two. The snow has been fairly powdery this week, and with the added accumulation yesterday and today, you may have your weekend recreation cut out for you...

...Minden curlers rejoice! The roof of the club will not cave in as long as its properly monitored, says the Ministry of Labour. As long as the snow doesn't build up too much, then it'll be safe to roll 'n rock for the remainder of the winter. That's good news for those of you who thought you'd be curling on a frozen pond this season...

Manvers scored next at 8:06, and Haliburton's Duff Mitchell scored assisted by Nicholls and Barry.

Haliburton incurred four penalties to Manvers five.

Final score: Haliburton, 8, Manvers, 5.
Tri-County Bantam, played at Haliburton on December 1. Haliburton vs. Cannington.

First period: No scoring by either team.

Second period: Haliburton scored five goals in a row at the 14:17, the 13:28, the 13:27, the 8:06 and the 4:15 minute marks. The first was scored by Marla MacNaull assisted by Shayne Yateman, the second was by Mike Baker assisted by David Giles, and again by Baker, assisted by Mario DiPaulo, and by Charlie Teljeur unassisted. Cannington then scored at 4:02, and Haliburton's Yateman scored assisted by MacNaull.

Haliburton incurred three penalties to Cannington's five.

Third period: Haliburton scored three goals in a row at 19:21, 15:54 and at the :30 mark. The first goal was scored by Jim Bird assisted by John Teljeur, the second was scored by John Teljeur assisted by MacNaull and the final goal of the game was scored by Baker assisted by Bird.

Haliburton incurred two penalties to Cannington's one.

Final score: Haliburton, 9, Cannington 1.

Tri-County Atom, played at Fenelon Falls on December 1. Haliburton vs. Fenelon Falls.

First period: Haliburton's Wallace Wood scored at 2:55 with assistance on the play by Mike Doherty. Fenelon incurred two penalties to Haliburton's one.

Second period: Fenelon scored at 6:59. No penalties were incurred by either team.

Third period: Fenelon scored at the 9:32 mark. No penalties were incurred by either team.

Final score: Haliburton, 1, Fenelon, 2.

Tri-County Novice, played at Haliburton on December 1. Haliburton vs. Manvers.

First period: Manvers scored two goals in a row at 11:00 and 4:15. Haliburton scored at the 1:15 mark from Darren Warburton assisted by Bucky Byers. Haliburton incurred one penalty.

Second period: Haliburton's Greg Scheffee scored assisted by Warburton and Paul Goulet. Manvers incurred one penalty.

Third period: Haliburton's Goulet scored at 11:37 from Scheffee, and Goulet scored again at 5:44 from Jason Smith. Manvers then scored two penalties in a row at 3:19 and 1:53.

Final score: Haliburton, 4, Manvers, 4.

Tri-County Pee wee, played at Haliburton on December 1. Fenelon Falls vs. Haliburton #1.

First period: Haliburton took a 2 to 0 lead with the first goal at the 7:50 mark scored by Eoin Ross assisted by Dennis McKee and then McKee with assists to Ross and Miriam Smith at the 3:52 mark. There was no penalties.

Second period: Fenelon Falls scored their only goal of the game at the 3:13 mark. Haliburton also

scored in the second frame with just 13 seconds left as Chris Harrison was assisted by McKee. There was one penalty to Haliburton.

Third period: Haliburton then scored goals, the first at 5:16 with McKee being assisted by Ross, at 2:57 with McKee being assisted by Smith, at 1:72 as Harrison was set up by a pass from Ross, and finally at 1:26 when McKee notched his fourth goal of the game from Ross. There was one penalty to each team and there was also a major penalty to Fenelon Falls for body contact.

Final score: Haliburton #1 Pee wees 7, Fenelon Falls 1.

NOTE: Any teams from any minor hockey league in Haliburton County wishing to have results of their games published in The Scoresheet should have the following information, or a copy of the game's scoresheet, submitted to The Echo office by 5 p.m. on Monday. Reports of games should include the date on which the game was played, the division, the time at which each goal was scored and in which periods, the goalscorer's names along with assists, the times of any goals of the opposition team, and the final score. The total minutes in penalties in the game should also be included.

Written reports of games by coaches are also welcome, and should be submitted to The Echo no later than Monday at 5 p.m. Please include name of writer.

For further information concerning The Scoresheet, contact Joe Banks at The Echo, phone 457-1037.

Whatever became of the Donald Windigos?

Snowmobilers who were around these parts eight or nine years ago may recall a thriving little snowmobile club that was located at Donald and made its headquarters in the old schoolhouse that is now the clubhouse of the Haliburton County Snowmobile Association. These snowmobilers may have wondered at times whatever became of the Windigos or why the club has not been heard from in recent years.

The H.C.S.A. is the offspring of the Donald Windigos. The chief organizers of the county association were

Windigos. On the first board of directors of the association, were Carman Wright, Pat Waddell, Allin Cooper, the late Ron Grant and this writer, all Windigos. Members of the club who later held positions with the H.C.S.A. include Joseph Blair, Donald Johnston, Pat Hucal, Kathleen Wyllie, Bill Emmerson, Don Pasquino, Brian Hunter, Tom Kirkpatrick and Merle Pringle. And, my memory being a little hazy, there may be some I've missed.

The Donald Windigos snowmobile club is not dead. It may be dormant at the moment, but, as a force for the betterment of snowmobiling in this county, its

members have always been among the active workers.

The club was organized in the fall of 1969 by a group of Donald residents who wanted to gain more pleasure from their machines while reducing the frictions with the general public. They were joined and supported by a number of Haliburton snowmobilers who had witnessed the demise of their own club the previous winter and by cottagers from the nearby lakes. The selected name for the club was something of a misnomer for the members set out immediately to prove that snowmobilers are not "demons of the swamps."

Enthusiastically, they ex-

plored and opened many miles of new trails, some of which are major corridors in the H.C.S.A. system of this day. Rides, rallies, cookouts on the trail and social gatherings were regular events. Safaris held in conjunction with the Haliburton Winter Carnival would almost have put Snowarama to shame.

When the H.C.S.A. was formed the Windigos saw the new organization as a major step forward and gave it their full support. Perhaps they supported it too well, for within three years Windigos members were working so industriously for the association that the club suffered from an acute lack of attention and sank into a deep coma. The last important - and perhaps the most important - undertaking of the club was the presentation of a detailed brief to the Ontario government's Select Committee on Motorized Snow Vehicles and All Terrain Vehicles - a brief which was described by the Committee Chairman as the most com-

prehensive statement on snowmobiling that he had received to that date. That was in January 1973.

Although the Minutes Book has not had an entry in six years, there are still a few dollars in the petty cash box, and put away for safe-keeping, is a package containing nearly a hundred crests of the club's distinctive design. That design, with its two concentric circles represented the Double-O Ponds, a favourite play area along one of the club's main trails.

There are a few snowmobilers in the Donald-Haliburton area who would like to see the Windigos active again. And so would I. We remember the great times we had together on trails carved out by our own efforts - and we remember how proudly we wore the Windigos insignia. Some of us still wear it.

So let's do it. Let's get together for old times sake and re-open the Minutes Book.

A little dose of nostalgia now and then is good for the soul.

Bill Smiley

unaware of the real problems of the country.

This year, in November, you can go into a grocery store, spend ten dollars and come out with your total possessions in the palm of one hand, in one smallish paper bag.

You know the old car isn't going to make it through January, but you look in horror at prices of gas and a new car, and go on driving the coughing, belching old brute, hoping for a flood or holocaust to end it all and save you the decision.

OMHA Atoms

have four wins

by Sid Cooper

For the season, the Atoms have now played seven games. Their record to date is four wins and three ties with three shut-outs.

On Saturday, November 24 they blanked Minden 4 to 0 with goals by Peter Goulet, Erin Nicholls and Darryl Goodall. The first period scoring started at the end of the first two minutes and the team never looked back, putting two more in the net in the second period and one in the third period.

On Sunday, November 25 the team travelled to Ops and came away with a 0 to 0 tie. This was a good effort as three of the regular players were absent. Their places were ably filled by Andy Cooper and Ray Gervais. The net minding of Ronnie Perrin contributed a great deal towards our success.

The Atoms met with Manvers Saturday night and pulled off a 5 to 0 victory. Haliburton opened the scoring by Erin Nicholls in the first minute of play.

Within the next two minutes, Nicholls set Jaro Cooper up for two goals making the score 3 to 0. In the third period, Goodall and John VanderHorst each scored to end the game 5 to 0.

Nicky-teens beat Quitters

in Non-smokers bowling action

The Nicky-teens started off the second series in fine style by dubbing the Quitters 7 to 0. The Easy Rollers took five off the Kleenaires.

Eva Piper is still showing fine style with 721 (a dandy 296, 213 and 212) Wes Stata was next with 657 (248, 206),

Bob Webb had a 229 and 200, Harold Harding came up with a 219, as Ken Piper rolled a 210 and Mike Vuksic managed a 205.

from page 4

that has some satisfactions, is essential. Many of these people are perfectly healthy although disabled physically. For these people to be delegated to collecting welfare for the rest of their lives, just because doorways are too narrow, buildings inaccessible, or transportation unsuitable is a gross waste of human resources. In this coming week of C.O.P.O.H. (Coalition of Provincial Organizations of the Handicapped) is holding a conference in Ottawa, and the theme is transportation. Immediately after this conference the Canadian Transportation Commission will hold a hearing to view the briefs that were presented.

Via Rail presents problems to the mobility disadvantaged that are quite unnecessary and in fact discriminating. For instance, why should a

perfectly healthy person, employed, active in the community in sports and politics, be forced to apply for a special, complicated application, several weeks in advance, just to get on a train?

This is an energy conscious person who chose to take the train rather than drive the long distance in his car alone. He is forced to pay for an assistant to accompany him, and will not be able to take advantage of special fare structures. There should be no need for "skilled hoistmen" nor "muscular trained attendants". There is need for wider doorways and ramps or lifting devices. Simple removal of one seat and the installation of seat belts would be sufficient for security.

I believe that for the miles travelled the safety record of surface transportation is excellent. I would stress instead the improvement of quality of

life for the many men and women who would be able to pursue school and careers and become contributors to our society.

Please Dr. Anderson, look again at your statements and reflect on the faces of your wheelchair neighbours when off you go to your dinners and outings and they must stay behind, only because the transportation is unsuitable.

Extending care is to be commended for their persistence in having public places made accessible and we will be more than pleased to offer any assistance we can to help swell this voice.

Sincerely,
J. Armstrong, Chairman

Campbellford teams take Kawartha title

Teams from Campbellford high school took home top honours Saturday at the Kawartha 'A' girls basketball championship meet in Haliburton. In a round robin tournament that was marked by intense, but friendly competition, junior and senior teams from Campbellford defeated their counterparts from Haliburton Highlands Secondary School and a senior team from Albert College to walk away with championship medals.

In the first game of the four game competition, Haliburton Seniors met Campbellford Seniors for the Kawartha championship and a bye to the final game of the tournament.

Haliburton got off to a good start, and looked like they might be able to handle their opponents, but slipped behind 27-12 by the half way mark.

In the second half, Haliburton rallied, outscoring Campbellford 27-23, but were unable to make up the margin. Final score was Campbellford 49, Haliburton 39.

Top scorers for Haliburton were Cathy Darby and Miriam Vanderwal with eight points each. Campbellford's scoring was handled mainly by Sylvia Jehle with 31 points and Mary Lou Mahoney with 16 points.

The second game saw the Haliburton Junior team square off against their counterparts from Campbellford for the Kawartha 'A' junior division championship.

The first quarter was close, with Haliburton behind 10-8 after eight minutes of play. But Campbellford began to pull away from that point, continuing to increase their lead and taking the game 50-20. Fouls were the greatest problem for the Haliburton squad, and Campbellford capitalized on the team's mistakes, scoring 18 points on free throws.

Top scorers for Haliburton were Peggy Johnson and Corrine Neville with 8 points, while Pamela Clark did most of the damage for Campbellford.

In the third match, Haliburton Seniors took to the courts once more, this time against Albert College. The home team had to win by at least 11 points in order to keep their hopes for COSSA alive in the round robin tournament.

It looked like Haliburton would have an easy time of it, but the girls appeared to be tired from their first game. But in the final period Haliburton outscored Albert College 11-3 to take the game with an 11 point margin, 36-25.

Cathy Darby with 12 and Janet Mayo with 11 were Haliburton's top scorers, while Robin Smith and Toni Wade netted nine points each for Albert.

Game four saw Albert College square off against Campbellford. Haliburton was hoping for an Albert College win, and that looked possible when the score remained tied at the end of the first quarter. But Campbellford then took the momentum and a tired Albert College team fell way behind, losing 50-12.

Susan Dikum took over for Campbellford, scoring 20 points, while Toni Wade got six for Albert.

As a result, Campbellford finished in first place in the tournament and were presented with the COSSA championship medals. Haliburton finished second, with Albert College third.

Pollution control: Keeping our waters clean

This plant is an ignored, but critically important, piece of million-dollar hardware

by Joe Banks

Not far outside of Haliburton Village, on a hill just north of Haliburton Highlands Secondary School, there sits a fascinating, but ignored building.

It's not a very impressive-looking structure, and its function probably doesn't interest many people but without it, waste that comes out of the village's sewers would empty directly into the area's lakes, causing environmental problems that would dwarf acid rain's potential.

The structure is the Municipality of Dysart Pollution Control Plant, and it serves the purpose of ingesting raw sewage from the village's relatively new sewer network, running it through a filtration process, and discharging an end product, water that is clean enough to drink.

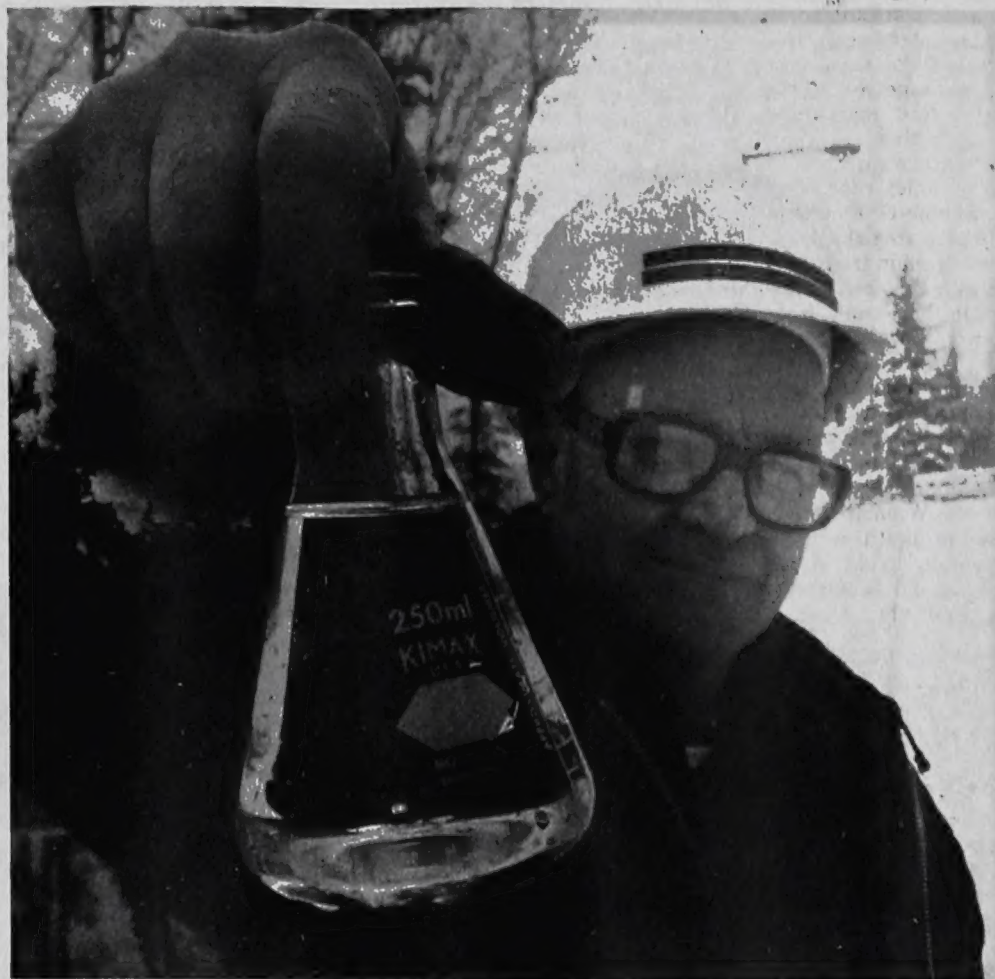

The cost to construct the facility has run into the millions, and though the majority of that cost was subsidized by the Ministry of Environment, it has added a considerable chunk to the local taxpayer's bill. But it has also been a project about which very little is known by those who paid for it.

The station was completed in 1974, during phase one of the overall project. Only one pumping station was operating then, and three others were added on last year, when phase two was completed. That included hook-ups to the main sewer line by individual homes, and the assumption of the system by the municipality. In Minden, a similar system was completed at the same time.

A common misconception of these plants is that they... well... that they stink. This, plus the system's low profile and technological quirks, make it one of the most unseen and most expensive pieces of taxpayers hardware around. The quirks might be a little mind-boggling, but the stink, laughs chief operator Chris Cowen, is something that is non-existent.

"Anybody who has been in here has been quite surprised," says Cowen, who has been with the plant a year last September, when the control of the system was turned over to Dysart.

"We take in about 40 to 50 thousand gallons a day, though the system's designed to take 210," he states. From three separate pumping stations located around the village, raw sewage is pumped daily to the plant, and harmless, pollution-free water is released into Grass Lake. It sounds easy, but the process as Cowen describes it, is actually

Chris Cowen with a beaker of effluent

'99.9 percent
of all the
bugs' are
killed off

quite complicated.

From the network of underground pipe work, the raw sewage is fed into one of the four pumping stations located around the village into a "grit chamber", where the sand in the refuse is settled out. The material is then ground up into "slush" after entering a device called a comminutor, and from there, it is transferred and held in aeration tanks, which break the sewage down even further.

Entering a clarifier, chemicals in the sewage settle when acetylene is added, and according to Cowen, "99.9 percent of all the bugs" are killed off after it enters a chlorine contact chamber, in which chlorine gas is mixed into very small percentages

of the water.

The big problem in the process, says Cowen, is killing the phosphates. The element is the major contributor to industrial water pollution. If it were not eliminated from the sewage, it could cause an increase in algae content, in fresh water and fish would die due to lack of sufficient oxygen. Cowen calls it "the big hurdle."

The hurdle is cleared by adding liquid "alum" to the sewage. Five parts per million are all that is required to do the job.

In the final stage of the clean-up process, the liquid enters sand filters, where suspended solids in the water are taken out. "But," Cowen emphasizes, "there shouldn't be too many solids in the water if the plant is operated properly."

What comes out of the filters is water, supposedly pure enough to ingest, which is dumped into the lake beside the plant. From beginning to end, the process, remarkably, takes eight to 12 hours. Cowen says, "If the flows were higher, it would take a shorter time." This doesn't mean that processing is by-passed, but the plant itself increases the speed of "production" as demand increases.

Two pumps are located in each station, so if the primary motor breaks down, back up units will automatically cut in. That's if both pumps continue to work.

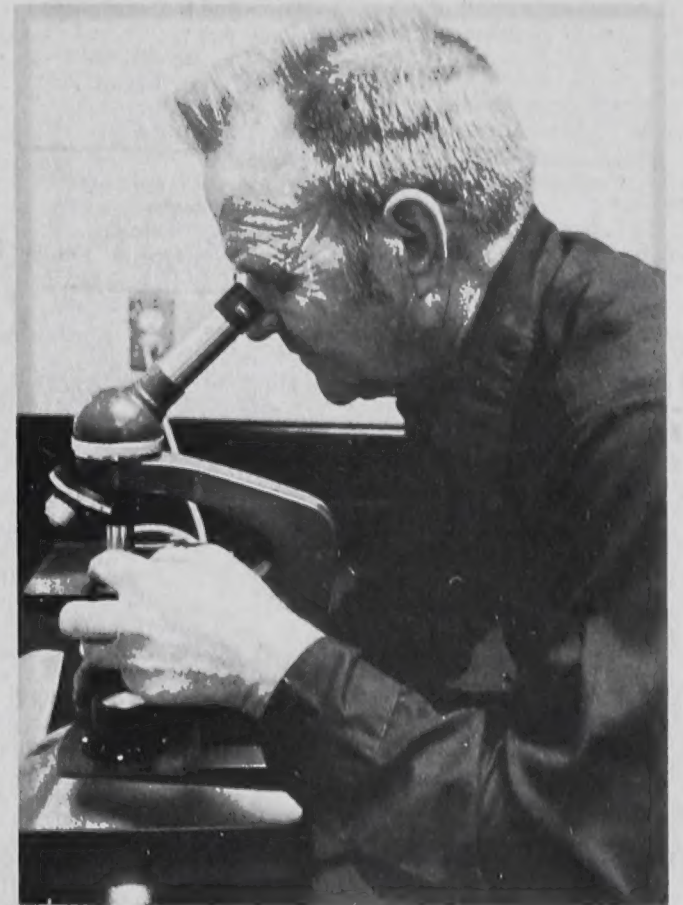

The possibility of both units stalling is a remote one, says Cowen. But if it ever happened, and it hasn't yet, sewage would fill up the pump holding tanks until the level reached the overflow outlet. From here, thousands of gallons of raw sewage would be dumped into Head Lake, creating an unpleasant condition both from an environmental and social standpoint.

But because of the massive capacity of the holding tanks, it would take roughly three to four hours of continuous inflow - a situation unlikely in a village the size of Haliburton - before any overflow would begin. Even if the control network lost power from an electricity outage, a stand-by power system in stations #1 and #2 will cut in

automatically within ten seconds of the plant shut-down. The holding tanks in the other two stations are larger and are able to support sewage until the power problem could be rectified.

A computerized telephone system at the plant will automatically "call" Cowen at his home when

Cont'd. page 10

Chris Cowen examines tiny bacteria which are prevalent in raw sewage that comes into the pollution treatment plant.

A critically important plant

The heart; station's sewage pumps

from page 9

he's off duty, to alert him of any power or mechanical problems in any of the stations. The plant is capable of automatically cutting in back-up systems itself, and the telephone system is just another safeguard, but Cowen always goes to the station experiencing the difficulties. The electronic wizardry is almost always flawless, but there's no accounting for the human touch, believes Cowen.

"This (the phone system) is only new, so I don't really trust it too well yet."

In the plant's short history, he says there have been no "crises". The system is designed to stay in good operating condition, and as chief operator, Cowen's main influence in pollution control is to "watch the safeguards". Of course, maintenance and repair are necessary as well, and certain aspects of this job can be critical.

The accident involving the chlorine tanker cars in Mississauga last month is an example of the dangers of that gas when it is mishandled. At the pollution control plant here in Haliburton, and indeed at similar plants around the province, chlorine gas is handled daily by those who maintain the systems.

An air-tight room holds the chlorine cylinders that feed gas into the system, and Cowen must take an extra man into the room with him when the tank must be changed. Both wear gas masks when they are doing the job, and a special tester which levels the gas remaining in a tank is always used when unhooking from the system.

Critical too is the operation when the Ministry of Environment takes the remaining sludge, or left-over material siphoned from the sewage. The 4,000 gallons of this "mixed liquor", as Cowen

calls it, is dumped on harvested land approved by the Ministry of Environment. In the winter, it is dumped in a clay lagoon, similar to those used by uranium companies in disposing tailings. The sludge mainly consists of dead bacteria and sand. "There's no way it could harm the environment," Cowen assuredly states, adding that leaky septic tanks can be a worse menace than the controlled dumping of the plant's waste.

But what about the effluent, the water that comes out of the plant and into the lake?

Cowen follows very strict criteria to keep a "healthy" effluent flowing from the plant. He says he keeps the levels of chemical flowing below Ministry levels, as a matter of personal preference.

Phosphorous content in the effluent should not exceed one part per million, according to Ministry standards, and suspended solids normally would not exceed 15 parts per million. According to tests done by the Ministry and Cowen himself, the levels are well below the maximum allowance. Cowen sends samples of the effluent to the Ministry once every two weeks to be tested, and he himself does daily checks on the amount of chemical entering the control system.

This, and other aspects of his job, give Cowen a sense of pride and responsibility. The chemical tests and actual monitoring of the plant makes the job "really interesting", and it's challenging he says, keeping a flow of safe effluent coming from the plant.

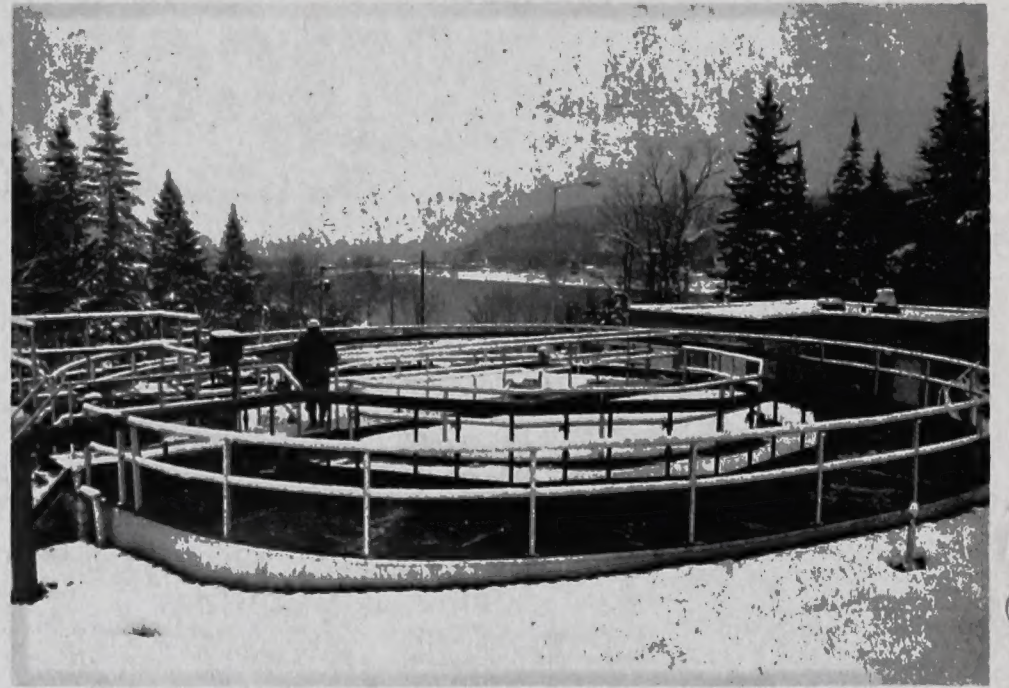

Even though the plant is basically computerized, there's "no way" it could function without the human touch. With so many chemicals involved in the operation, the delicate balance of the harmless and the harmful could easily tip.

For its critical work, though, the plant is a virtual unknown in the village. In fact, believes Cowen, the multi-million dollar complex is taken for granted among its users.

"We don't have many people coming up here," he says smiling. "A lot of them probably think it's a place that stinks."

The place is not odorous or filthy, as most people think when they hear the word "sewage" or pollution, as Cowen will attest. Rather, it is a place of cleanliness, something for which it stands. As the most expensive piece of machinery in the community, the system performs a vital function. Without it, homes would still be on septic systems, a far more risky and dangerous method of waste disposal for the environment.

Without the pumps, filters and complicated process, of the pollution control plant sewage would quickly become deadly to the environment.

The processing plant; there's no smell

An inflow terminal

Cowen examines the flow of sewage in the processing plant

NOW WINTARIO HAS 15 GRAND PRIZES EVERY WEEK

Three \$100,000 Grand Prizes and 12-\$25,000 Grand Prizes every Thursday*

More Prizes! More ways to win!

Now Wintario has a lot more going for it. First you've got a better chance of winning a big prize - with three \$100,000 Grand Prizes and twelve \$25,000 Grand Prizes every week!

Then too, you've got a better chance of winning one of the smaller prizes. Because now there are thousands more prizes to be won every week - \$5,000 prizes, \$1,000 prizes, \$100 prizes, \$10 prizes and Win fall prizes. In fact your chances of winning a prize in the new Wintario are now 1 in 18*. And a Wintario ticket is still just \$1.00.

It's a great new game. With nine draws instead of six every Thursday night live on TV. Get a ticket and get in the game this Thursday. You'll love it - and you could be a winner.

* Now every week for every 3 million tickets issued there are:

3 Grand Prizes of \$100,000
12 Grand Prizes of \$25,000
27 Prizes of \$5,000
and more than 160,000 other prizes.

ONTARIO LOTTERY CORPORATION

More ways to play your ticket.

Now there's a new Wintario ticket with a 6-digit number and no series number. It's a lot simpler - and a lot more fun to play.

You win \$10 if any three consecutive digits of your ticket number match the 3-digit number drawn. For instance, say your ticket number is 123456. You could win if 123, 234, 345, or 456 were drawn. Four ways to play your ticket number!

In the same way, you could win \$100 by matching any four consecutive digits of your ticket number with the winning 4-digit number drawn. Match the 5-digit winning number and win \$1,000.

And if your ticket number matches one of the five 6-digit numbers drawn, you'll win one of the three \$100,000 First Grand Prizes or one of the 12 Grand Prizes of \$25,000.

And then, there's Win fall. Match any two consecutive digits of your ticket number with the Win fall number drawn and you've won a book of tickets on the next draw worth \$5.00.

** Wintario tickets are issued every week in blocks of one million tickets, and each block is numbered from 000000 to 999999, and no series number! For each weekly draw at least 3 million tickets will be issued. So there will be at least three winning ticket numbers issued (1 in each block) that match the 6-digit \$100,000 First Grand Prize number drawn, and at least three winning ticket numbers issued that match each of the four \$25,000 Grand Prize numbers drawn - twelve \$25,000 prizes in all. That's at least 15 Grand Prizes in all.

Still \$1.00

wintario

The name's the same, but it's a great new game.

SIR SAM'S INN

COUNTY ECHO FAMILY

Extendicare News

by Dr. W.O. Anderson

Sunday afternoon, Lieut. Ron Mailman, of the Haliburton Salvation Army, accompanied by SM Francis Nobel, his officer wife Norma, Mrs. Amelia Sibley and Mrs. Lillian Hague, made a welcome but unscheduled visit to Extendicare to visit their followers and to provide us with a session of old time spirituals.

Many of our ladies undertook the making of a sizable number of Christmas decorations for the table under the direction and supervision of volunteer ladies, Mrs. Mary McKee, Mrs. Pearl Sholer and Mrs. Norma Hodgson. Little 4" diameter aluminum tart patties are filled with molten wax, then allowed to cool to semi solid when various decorative objects are embedded, holly leaves with berries, acorns of several varieties, glass baubles, butterflies, artificial sprigs and many others.

Tuesday morning Bible study as conducted by Mrs. June Devolin is becoming of interest following along a series of Bible stories that teach in the form of parables. In this case it had Lazarus dying and going to heaven to have his many afflictions ministered to by Abraham. At about the same time a rich man of his acquaintance died and went to live in hell, and looking across the chasm separating the two places, spied Lazarus with Abraham and besought to send him someone to his brothers to warn them of the perils of evil living, but the tormented rich man was told such a scheme would be useless because the previous warnings were not only unheeded but were ridiculed. What a story and what a warning to us!

There is another addition to the Happy Gang, with the admission Monday evening of Mrs. Vivia Bowen, Charlie's wife. Inside of the first 24 hours she was comfortably settled in. She appears to be one that will be able to enjoy living here, with the ease of communicating with others

that make friends easy.

Judging from the media, it is strange to sense that in these trying times, Uncle Sam seems to be isolated with no one patting her publicly on the back, and saying "we back you to the hilt in your efforts to retrieve those greatly abused American embassy hostages." Surely such a benevolent nation as the U.S.A. deserves a little more recognition at this time than silence, which can even be pretty loud in circumstance. Most of us here remember our early days, we did without Arab oil and did not miss it, and we can do it again if we must, and a plague to the Ayatollah.

We are advised that Paulette will be at Extendicare from 1:00 to 4:00 p.m. Thursday, December 6 to again display her variety of merchandise to the residents, especially the ladies. Non residents will be most welcome.

A letter has been received from the chairman of the Disability Resource Centre, St. Joseph's General Hospital, Peterborough, Ontario, relating to an item of "Extendicare News", wheel chairs and their occupants in particular. The implications of this letter are momentous and implies that all facilities for the travelling public, railway, buses, air and boat will need to be remodelled, and all new facilities will need to be built to accommodate wheel chairs and occupants. Believe me Mr. or Mrs. or Ms. chairman, we are for it, having wheel chairs and occupants of our own. We will further be greatly interested in the attitudes taken by the politicians. Best of luck, we got nowhere for a bus for ours. In the interest of clarity, the "Echo" is publishing their letter as a "Letter to the Editor".

Thursday noon we again joined the Senior Citizens of Haliburton to a potluck buffet lunch at the Dysart Community Centre and found a goodly turn out of 110 at this session. It was a very nice treat.

In the evening, Extendicare, Haliburton put on a lovely buffet style dinner in the grand auditorium of the Royal Canadian Legion. Starting with an appetizer, the main featured item was beef stroganoff; very very delicious. A featured guest was Mrs. Kay Davis representing Extendicare as resident care co-ordinator, and who supplemented an address by Ms. Sheila Elston, Extendicare Haliburton, administrator, welcoming and extending the grateful appreciation of the home to all the many volunteer helpers gathered together for that occasion. Finally the fun started with the most honoured Ray Jenkins at the piano, joined by Mrs. Nancy Picard and Ms. Elston in fun capers of song and music. Soon Phil Finlay, who having abandoned his wash tub for a newer more sophisticated electronically amplified bass accompaniment, his own invention made from Swedish saw blades, accompanied Al Blanchard, Bob Long, Carmen Smith and wife Shirley, and many other guests contributed to the fun. It was a very nice party. Mrs. Hazel Parish etc., represented the residents.

Rev. Merv Kurtz of the Haliburton Full Gospel Light House, his wife Pam, pianist and their cute little daughter Bamby conducted the Friday morning devotional period. His theme was "The Lord whose visit to earth as Jesus Christ was to give us everlasting life," was well received by an appreciative audience.

Les Schell, his wife Ruth, coming as a helper, very kindly bussed us to the West Guilford Recreational Centre, where we were to hear the second annual St. Andrews Concert, a nice neighbourly gesture on the part of the West Guilford people. Earl Cooper pipe us awake to better hear Mrs. Marilyn Stouffer graciously conducting the Guild choir. It was harmony superb. Many other items followed including several solos by the Rev. Trevor Denny in his marvelous baritone, and a series of piano scores of his own composing by the accommodating Bill Glidden. Every participant was a delight to hear. After all of this, coffee and juices with snacks were provided before we left. Wheel chairs and residents not so spry were put on the bus, by Jim Burke, the

Cont'd, page 14

Haliburton's Orange Hall was a busy place Saturday afternoon as the Haliburton Salvation Army held a Christmas bazaar and bake sale. Scores of people

turned up in search of bargains and relax over a cup of tea.

Surprise birthday party held for West Guilford resident

A Surprise birthday party was held on November 24 at the West Guilford Recreation Centre for Mrs. Emmeline Bryant (Gainforth) to celebrate her 75th birthday.

It began with a dinner at 7 p.m. Those in attendance were her daughters and husbands, Winnifred & Norman Cowen - Orleans, Arthella & Leslie Smith, Haliburton, Grandchildren; Marie and Adrian Whitfield, Carmen and Shirley Smith, Laureen Smith, all of Haliburton; Arnold & Pearl Cowen, Minden; Rose and Mary Cowen, Marlene Lavallee of Orleans; Brenda Lynn and Peter Clarke of Oshawa; Great Grand-

children; Jeff, Leanne, Sean Whitfield, Dean, Jason, Amanda & Trevor Smith all of Haliburton; Corey & Wanda Cowen, Orleans; Teresa & Harold Cowen, Minden; Patricia & Peter Clarke of Oshawa; Friends and Relatives: Smokey and Evelyn Nelson, Bess Plumpton, Gladys Nelson, Irene Faul, Angela Nelson all of Frankford; Wilfred and Eileen Bentham - Ancaster; May & John Magee, Lindsay; Faye and Jack McDonagh - Haliburton; Bill Roberts - Orono; Norman A. Graham - Gooderham.

A four tier birthday cake (baked and decorated by her

granddaughter, Marie Whitfield had been placed on the head table.

Mrs. Bryant was presented with a dozen red roses, a gold cross with the family birthstones from her daughter's and step-son, and a card with money inside from her grandchildren and great

and family were unable to attend due to illness. A dance was held later in the evening attended by 100 relatives and friends. Music was supplied by Smokey, Evelyn, Gladys Nelson, Car-

men Smith, Jack McDonagh, Norman A. Graham and Gord Kennedy.

Mrs. Bryant received cards, money and good wishes from those attending the dance.

Screening Show for Guild Members

The Screening Show for the Guild of Fine Art Members has started this week at the Ralls End Gallery. The official opening was December 4th, it was also the closing date of the annual Christmas Show and Sale and if you haven't as yet found that special gift for that certain someone, this Screening Show will afford you another opportunity to purchase quality crafts.

The unofficial opening began at 10 a.m. Monday, December 3rd with jurying from 10 - 12 noon, this was conducted by Marilyn Bondar, Educational Officer of the Peterborough Art Gallery.

Marilyn's qualifications for an undertaking of this kind are Master of Fine Arts and design as well as her affiliation with the Peterborough Art Gallery.

The jurying consisted of selecting superior work in each category, from 3 pieces submitted by each artisan.

At noon a pot luck luncheon was served, compliments of each participating craftsman, followed by a critique of the submitted pieces. Each artisans work was scrutinized and a critique was given by Marilyn Bondar.

This show is a first for many of our craftspeople and the helpful discussion of their work both good and bad can only help in improving the quality of future work.

The initial job of each craftsman in selecting the three pieces to be juried is a hard one indeed, what you may believe to be your best work, may not necessarily be so to the impartial eye of the judge. What it eventually boils down to is personal taste, what you yourself feels good about. Be true to yourself, that becomes your final choice.

FLOORING SALE

St. Luke's Anglican chose

Thanksgiving for a 'Thank-you'

The Congregation of St. Luke's Anglican Church in Burnt River chose Thanksgiving as an appropriate time to say "Thank You" to one of its long time members, Mrs. Ada Handley.

As well as being a long time faithful member of the congregation, Ada Handley has also for the past 30 years devoted her life to working with the young children in the community. As well as the Sunday School every Sunday,

she also looks after other activities such as Cradle Roll, "Juniors", Vacation Bible School, annual Sunday School picnics, Christmas concerts, old fashioned Christmas Party or sleigh ride and many other social events. She was presented with a diamond ring as a token of love and appreciation.

"Thanks to Ada" cake was cut and served by Mrs. Handley in St. Luke's Parish Hall after the presentation.

DISTRICT NEWS

Coboconk News

Sheila Lake

As the Christmas season approaches, children and adults alike look forward to Santa Claus parades, tinsel, cheery Christmas music, etc. The windows of the local businesses are well dressed in the Christmas theme.

To complete the spirit of Christmas, the annual Canadian Legion Parade is about to take place all over again.

Coboconk Branch 519 Royal Canadian Legion is all geared up for this big event. The folks have been working hard to enlist participants in the parade so that a good variety of floats will be in attendance and it will exceed any previous parade.

All sorts of goodies as well as coffee and cake will be available after the parade. The parade will be starting from the Feed Mill, with band music to liven the steps of those in the parade. The parade takes off at one p.m. on Sunday, December 9, proceeds along the Main street to the Legion Hall at the corners of Hwy. 35 and 48. Round up the little folks and let them be treated to goodies handed out by old Santa himself. See you at the parade on December 9.

A well known Coboconk resident was laid to rest on

Friday, November 30. Charlie Bowins of Elizabeth St. passed away in Ross Memorial Hospital this past week. He had been in failing health for some years.

Charlie Bowins was a war veteran, and later, the post master here for many years, until he reached retirement age. Our sympathy to his wife, Mary, and the family.

Hartley Graham has been quite ill in Ross Memorial Hospital and our thoughts and prayers go out to him in this time of illness.

Mrs. Irene Angiers was taken to the hospital again this week. So you, there in Ross Memorial Hospital, may it cheer you to know you are missed and God be with you and restore your health.

Mr. Vern Hannivan took a bad spell last week. Some months ago he suffered a stroke but had come along well, able to do his gardening, etc. We trust the latest problem is soon overcome and Vern will be able to be out and about as usual.

Mrs. Nesbitt left on Thursday with son Bob, to spend the winter months at St. Thomas.

The frost and snow may have lulled my remaining

pansies that bloomed at the south of my house. They were alive and well as of November 30, but this morning Saturday I fear they have expired!

The deep potholes between North's store and the bake shop, on the road around the back to the laundromat were finally filled in a couple of weeks ago, and not before it was needed. I'm sure you could almost drown an elephant in some of those small ponds!

However, the heavy rains of the past week or 10 days, have been wearing away at the original holes, and I fear they will soon be as deep as ever. I hope who ever is responsible for the road maintenance will keep watch and not let the potholes become so deep.

I enjoyed a visit with Clair Brooks of Lutterworth Pines when she stopped by on Tuesday and journeyed with me to Sutton.

The first serious road conditions became obvious on Thursday when the roads became icy. Cars were sliding off the roads in a few cases, so from now on, slow down and save those fenders! Happy Motoring!

Mrs. Georgina Boyle of R.R. 1, Minden, was the lucky recipient of 20 IGA gift certificates worth a total of \$1,000 in a contest sponsored by Catelli Foods last week. Presenting the certificate to Mrs. Boyle is Alan Jones, area sales representative with Catelli.

Dorset News

by Phyllis Briscoe

"Busy souls have not time to be busy-bodies". "A beautiful heart more than offsets the handicap of a

homely face."

The sympathy of the community goes out to Faith and Ed Mason and their family who lost their home in a tragic fire one day last week. No one was home when the fire started so the origin is at present unknown. The party who discovered the fire had to travel some distance to find a telephone that was working to notify the fire department, the consequences being that by the time the fire fighters arrived on the scene the home was practically demolished.

When you have lost all of your personal belongings and you don't have a needle and thread to sew a button on, nor a button to sew on and probably nothing to sew a button on, when all of your snapshots and pictures and momentos are gone, as well as the tremendous monetary loss it is indeed a tragedy.

We send get well wishes to David Keown who spent some time in Huntsville Hospital.

We ladies know how to bring on a stormy evening; just plan our Christmas Bazaar. The Girl Guide groups and Anglican Ladies held their Bazaar on Wednesday, November 28 and had a fairly good turnout in spite of the inclement weather. We wish to thank all of those who braved the elements and made our sale the success it was. The tea tables as well as all craft and bake tables were

well patronized, and I think all convenors were happy with the results.

Elsie Burk is convalescing at home after knee surgery in Toronto's Wellesley Hospital and seems to be doing nicely.

We are getting into that old bugbear, winter driving. I had my first experience last Friday when I drove to Huntsville and back with no problems, but when I got to Dorset, I couldn't get up Pill Hill (for those who don't know where Pill Hill is, it is the hill going up to the Anglican Church from Dorset, so named because there was a drug store years ago where Krause's home now stands).

The hill was really slippery and at one point I was going the opposite direction. My brother happened along and came to my rescue and on the second attempt, I made it over the hill. It says something about those in charge of sanding operations.

Extendicare

from page 11

Rev. Denny, Bill Gliddon and others whose names we did not get. Many thanks West Guilford and your talented for a wonderful evening.

Two films were shown, Ray Smith projectionist, Friday afternoon. 1. Colour of life,

tration 2. Church records 3. Census returns 4. Microfilms from local libraries 5. Copies of Wills obtained from a district court house or archives and 6. Burial grounds. If you are interested in your family genealogy Mr. Baxter has written a book entitled "In Search of Your Roots" and published by MacMillan Company which may be purchased or a copy borrowed from a library to assist you in tracing your lineage.

The next Canadian Club meeting is on Monday, January 21, and if you would like to attend, kindly contact me - 454-3233 or Mrs. May Chapman 454-3767. The club must bring its membership up to 100 people to ensure that it can retain its charter. Presently the club meets at 6:30 p.m. five times a year for dinner at Miss Diana's Restaurant, Lindsay followed by a special speaker whose topic is both interesting and educational.

John Magee was the winner in the Norland Firefighters Association hockey pool on Saturday, November 24. The Vietnamese family sponsored by all of the

Minden Churches and the United Churches in the Coboconk charge arrived in Toronto on Wednesday, November 21. The family consists of a father, Thanh Chi Luong, a motor vehicle mechanic and his wife Ky Thai, their son, Thieu Minh, 18, a watch repairman and their two nephews, Diem Khai Phan 18, a mechanics' helper and Dien Minh Phan, 17, a student.

They were met in Toronto by Rev. Douglas Miller, Minden United Church and spent their first two days as guests of Mr. and Mrs. Lorne Coburn in Minden. On Friday, November 23, they moved to the winterized cottage of Mr. and Mrs. Sanderson at Indian Point until their furnished home in Minden was ready for occupancy on Wednesday, November 28.

Rev. Kenneth Crawford and Mrs. E. Graham have been busy teaching the group basic English which none of them speak. Diem Khai does

understand the English alphabet which is similar to the Vietnamese one. This has helped very much as he can translate the English for the others to understand it. The process is slow, but remarkable progress is being made and these two people are to be congratulated in their efforts. One can just imagine how one would feel arriving in a foreign country and not understanding any of the language! The family is in good health, bright and alert and very interested in learning the language and more of our Canadian ways and life style. We welcome them and wish them well in the future.

As of Wednesday, November 28, Norland Bowling Team scores are W. Landry 19 pts., H. Smith 16 pts., R. Bryant, 14 pts., T. Watson 12 pts., M. Angiers 7 pts., P. Purcell 6 pts. and J. Boyce and M. McAllister 5 pts. Ladies high single and triple Shirley Newman 208, 518 and high average Wanda Landry 173. Men's high single Mike McAllister and Peter Purcell 213 pts. and high triple and average Mike McAllister 597, 201.

Our get well wishes go out to Eddie Brown who is confined to Ross Memorial Hospital, Lindsay after suffering a heart attack on Friday, November 20.

Five local Firemen attended the Mutual Aid meeting in Fenelon Falls on Tuesday, November 29. The guest speaker was from the fire marshal's office who spoke and showed slides to the

volunteer firemen on arson. He pointed out to the group the things to look for when arson is suspected in a fire. In the past several years there has been a rising number of fires in which arson has been suspected. It is the duty of the Fire Marshall's office to check each of these fires and if guilt is found, a prosecution could take place.

This has certainly been a week in which the weather has been a topic of conversation. If you remember last Sunday, November 25 the temperature was 13 degrees C. (55 degrees F) and warm and pleasant and on Monday it was even warmer when it reached 18 degrees C. (65 degrees F). Many people thought that Autumn would be with us for a long time yet, but then it all changed and the thermometer dropped Monday night. There was no amount of snow until Thursday when three to four inches fell and today (Friday) snow squalls and more snow. Aren't you glad that you kept the winter coat and boots handy? Count your blessings though, because just north of us there is a lot more of the white stuff that skiers and snowmobilers have been wanting.

To help you think warm weather a reminder that next year's seasonal fishing licence for non-residents will increase to \$15.00 from \$10.75 - a four day licence from \$6. to \$8. For other Canadians who do not reside in Ontario from \$4.00 to \$6.00.

Wilberforce News

by Winnie Schofield

by Janet Barker

Snow, snow, and more snow! The first couple of times each year we're overwhelmed by its beauty, but it doesn't take long for its negative side effects to outweigh the visual enjoyment.

Just an extra word on the presentation by the Rare Earth Resources group on November 24. It was encouraging to see people take enough interest that they would attend this public information meeting, for whatever individual motivation. A

good number of locals have been critical of the presence of so many 'out-of-towners', of whom the 'anti-nuke' factor was mostly comprised. I don't believe it's a prerequisite that a person reside in a town to feel entitled to voice concern for that area's environment. If we ever do reach a point where we feel a responsibility only for that small corner of this earth that we call 'home', we'll really be in big trouble. The vocal group of nuclear opponents at the meeting would have presented a far more impressive case had their facts been voiced in a more credible fashion.

Don't forget to circle December 8 on your calendar, as the day of the Christmas Party held by Monmouth Firemen. There will be candy given out, free skating at the arena, and of course an appearance by old St. Nick himself. So bring the kids out for a fun afternoon.

The Lloyd Watson Community Centre was the scene of the annual Wildlife Dinner last Saturday. There was a good variety of dishes to choose from, and a large number of hungry folks enjoyed a break from home meal chores. The dance that fol-

lowed was the site of fun filled hours later in the evening. Members of the Legion, who put so much work into the preparation of this event, must have been pleased by the fine turnout.

With the winter season upon us in full force, our local curling and skating arenas are once more the centres of recreational activity. Whether you like to be in on the action yourself, or prefer a more passive position in the bleachers, this is certainly the location to get involved in winter sports. When you also consider skiing, fishing, ski-dooing, and snowshoeing, you realize there's a pastime that's suited to nearly everyone's tempo. Ah, it's good to be back in the land of climatic variety!!!

Winnie Schofield mentioned being away this week, but what she didn't let you in on, was that she was off to Toronto to visit her daughters. She was especially excited about going to see the King Tut exhibition, and we'll look forward to hearing the details when she returns next week in this spot.

Four new Wilberforce Brownies are, from left to right, Rene Casey, Melanie Meharrie, Robin Lee and Kelly Strong.

Kinmount Korner

by Millie Moss

Greetings once again from the Avenue. Thank you for your very nice responses to our first column which appeared in the November 28 edition of our Haliburton County Echo. Once again I'd like to remind you, if you have any event or worthy news item, I'd appreciate a call at 488-2399.

First night of Euchre was held at Gaiway Hall and even though not too many were aware of it there still was a fair turn out. Next game starts Wednesday, December 7 7:30 p.m. and all are welcome to attend.

There has been a social insurance card lost and returned to the Post Office in Kinmount, so ladies check your purse to see if it could be yours. The card, that is!.. Welcome home from hospital to Roland Hamilton, after the bad fall he suffered.

Linda Shepstone is a patient in Civic Hospital in Peterborough. Why not drop Linda or any of our sick friends for that matter, a card, to let them know they're loved and remembered. At this time, I do not know Linda's room number, but I'm sure she'd receive your cards alright.

Mary L. Pyke, Norland, had a phone call last Sunday from her sister-in-law, Jennie Ash, Toronto. Mrs. Ash had recently returned home from a trip to Newfoundland, so they had lots to talk about.

Sorry to hear Ivor Thompson is home with the flu and hope he soon will be well and

up and out again. A happy lady this week is Mrs. Ruby Schell, Kinmount. She's had her son and daughter-in-law, Mr. and Mrs. Murray Schell visiting with her from Regina, Saskatchewan.

Saturday visitors with Mary L. Pyke and Jack in Norland were here grandson and his wife, Stephen and Helen Coker from Huntsville. They later came over to our house and we had a great old visit.

Bill Moss, Norland, left by train this past week to meet his wife and son and drive back with them from Brandon, Manitoba after a visit with Lorrie's brother.

Our sympathy goes out to Joyce and Jack Hills of RR 1, Kinmount, on the very sudden death of a brother-in-law. Sympathies also extended to the family and friends of Mr. Charlie Bowins, Cobocok, who passed away this week.

Also to the family and Flossie Sherman on the death of her brother in Toronto.

Sorry to hear of another of our people in the hospital at this time, Ken Gardiner.

There will be the annual Xmas bingo to be held at the Legion Hall #519 in Cobocok, Thursday, December 6 starting time of 7:30 p.m. There will be free coffee and goodies handed out and all kinds of prizes. Come one and all and enjoy.

Bingo is always held at the Legion Hall in Kinmount every Friday evening starting with early bird games at 7:30 p.m.

Father Hart also holds a bingo at St. Joseph's Hall at Bobcaygeon every Monday night starting at 8 p.m. and Monday, December 3 the jackpot of \$100. should surely go to some lucky person, in 61 numbers.

Happy birthday to Ida Pardy, Cobocok, on December 3, Jim Walker, on December 5 and Bill Moss on "Pearl Harbour Day" December 7/41.

By the way, I've had a personal talk with Santa Claus recently and he told me he would be arriving in Cobocok on Sunday, December 9. His annual parade will start at the flour, feed mill and proceed along Main street of "Coby" to the Legion Hall where Santa will have his visit with the children. The parade forms up at 1 p.m. and starts off at 1:30 p.m. Don't miss it. Our Santa Parade does us proud and draws many outside visitors.

Tuesday afternoon past, there was a Fashion 220 show hosted by Doris Bartley, Norland, held at the home of yours truly with Win Wilson, Lila Shaw, Ruth Menard attending. It was an enjoyable afternoon.

We received our first Xmas card, last week from Ireland. Where is time going?

At least now, with all the snow we've had falling it's starting to look like Xmas and was enough to get me started on my baking.

Hope to hear from some of you this week again. In the meantime, til we meet again, have a happy day.

Tory Hill News

by Gloria Billings

Recently about 25 families gathered at the schoolhouse for a baby shower held by Mrs. Orval Foster in honour of Mrs. R. Andrus nee Caroline Stamp. Caroline received many nice gifts and thanked everyone for them. Lunch was then served and topped off with a luscious cake.

Mrs. Gordon Lee of Lindsay visited with his mother last week.

Mr. & Mrs. Arnold Stamp visited Sunday last with Mr. & Mrs. Harry Forbes of Minden.

Mrs. Violet Cowan of Donald, spent a few days with her daughter and family Bev and Sherry Billings. Also visiting

was Mrs. Blane Kelly and Matthew of Hamilton.

It's so nice to hear the Christmas music being played now on the radio. I see quite a lot of decorations up now and they all look so colourful.

A meal in a dish for this busy time of the year.

Hodge Podge

1 lb. stewing beef
4 cooked potatoes (mashed)
2 medium onions
2 large carrots
2 parsnips
1/2 cup cooked peas
1 cup beef stock
2 tbsps. flour
2 tbsps. bacon fat
2 tbsps. margarine
Salt & pepper to taste

Trim away fat, cut meat into small pieces. Cut up vegetables into slices. Brown meat and onion in fat. Drain.

Add flour and seasonings to the drippings in a pot with the stock and boil 15 minutes. Now add vegetables, except potatoes and boil 30 minutes longer.

Mix potatoes with melted margarine and a little milk and roll on a heavily floured board into a dough.

Cut rolled dough in half and line a casserole with it. Add meat and vegetables. Make eight balls of remaining dough and arrange on top of vegetables and meat mixture. Sprinkle with peas and put into 375 degrees F. oven until balls are slightly brown.

Fine quality cabinetry, furnishings and interior trim in solid wood ...

Senior League

by Linda English

The week began with Fun and Fitness first thing on Monday morning. We exercised in time to the music and had a game of darts. Viola Deremo was the winner with a score of 280.

After lunch, the ladies went to the craft room to begin making more items, to replace the many things that were sold at the bazaar.

Tuesday morning, Rev. Don Nicholson of the Haliburton United Church gave an inspiring service in the Chapel. Agnes Taylor was here to play the organ for us. Later in the afternoon there was movies shown in the auditorium. Alaska the Great Land told us the history of

Alaska, and how it was founded by Peter the Great. Alaska was once owned by Russia and was purchased by United States in 1867. In 1897, gold was discovered, and as a result Dawson City became a booming place. In 1923 the first major railway was built.

Canadians in Saudi Arabia, told us how Canadians have helped to develop Saudi Arabia. Many people from Bell Canada were sent there to set up telecommunications in 1977. Even now there are more than 600 Canadians residing in Saudi Arabia. Oil has been discovered recently and therefore the economy has exploded.

These two movies were

very interesting and everyone seemed to enjoy their afternoon.

Wednesday was a regular day with Fun and Fitness in the morning and crafts in the afternoon.

The Women's Institute in Minden made the Birthday Tea Party, a very special event. Edith Allcorn, Gladys Dennis, Olive Tyler, Pearl Elstone and Jessie Walter were special guests of Honour. They wore corsages of carnations and were presented with a lovely decorated cake. The ladies also served at tasty variety of tea biscuits and cheese.

Thursday evening, is Bingo night, and as usual the Kinsmen were here to call the

numbers.

Friday afternoon, Grace Colburne led the sing song in the main lounge. Norma Baron was here to play the piano for us while we sang along with Grace.

The staff of Hyland Crest, have been busy this week preparing for the Christmas concert coming up next week. The residents are anxiously awaiting for the concert, when they will be entertained by the staff. Also the residents and staff are looking forward to the annual Wine and Cheese party being held on Saturday evening.

The snow has finally come, and at Hyland Crest it is beginning to look a lot like Christmas.

This night-time shot of the main street in Haliburton Village is a different way of looking at the types of lighting there are on the street. But isn't something

missing? Where are the Christmas decorations? The photo was taken last Friday night.

Carnarvon News

by Yvonne Penney

Ken Bannon is home again, after a busy ten days spent in Mississauga looking after claims in the aftermath of the train derailment there. Ken was drafted there by the Provincial government and has to return again for a second week.

The Carnarvon Choir will present an evening of Christmas music on Sunday, December 23 at seven o'clock for your enjoyment.

There are only 22 days left until Christmas - are you pretty well ready? Our Chamber of Commerce is asking us all to shop locally and this really makes a lot of sense to help our local economy. I, for one, am really going to make the effort.

Roger and Jean Thomas have finally been allowed to bring their new baby home from the hospital. Little Amanda has had breathing problems and we all hope and pray that she will outgrow her troubles with loving parents and family.

The local farmers tell me that if snow falls on unfrozen ground, it is here to stay. There were many people sliding around on Thursday due to the wet snow, but if people would stop and consider common sense, there would be fewer accidents. It stands to reason, that you can't drive fast on a wet road as on a dry one.

Barry and Doris Stewart returned home this weekend after a two week stay in

Florida. His parents, Mr. & Mrs. C. Stewart stayed at their home here for the two weeks and looked after the family.

Royce Harrison is looking much better since his stay in the hospital. Keep up the good work, Royce.

Bob and Nikki Fletcher returned this weekend from a vacation in Mexico and apparently thoroughly enjoyed their trip. Thank goodness they are back, now we can buy gas in Carnarvon again.

I hear via Jamies' brother Frank Chambers that Jamie is progressing nicely, but is still undergoing treatment at a Toronto hospital.

Next Sunday, the Carnarvon United Church is holding a pot luck supper at the C.E. Building. Everyone in the community is invited to attend and join your friends and neighbours in the fun and feasting. After dinner, the Sunday School children will put on a short program after which we expect a visit from the old fellow from the North Pole who is down this way checking chimneys and the behaviour of all small children in the Carnarvon area. Just a word of warning to be on your best behaviour and be sure to wear your best smile.

Larry and Linda Cummins spent the last two weeks in Mexico with the Fetchers. They visited Acapulco and are back looking very tanned and fit. So if a new T.V. is on your Christmas list, call Larry

and buy locally.

Got my Christmas cards ready to mail today, my goodness, is it ever expensive - besides the cost of the cards, the postage is astronomical. Oh, well, Merry Christmas 1979 is almost here.

It is one year since disaster struck in the form of a crippling fire at the home of Ron and Toos Reid in Carnarvon. December 15 was a day they won't forget for a long while and another fact they haven't lost sight of was the kindness they were shown by friends and neighbours after the fire. To show their

Wednesday afternoon bowling

In the Wednesday afternoon bowling league of November 21, Linda Morrison bowled the high triple of 701, with singles of 166, 269 and 266.

Bill Barber came up with a 678 triple, from singles of 207, 292, and 179. Ev Stata had a 614 triple, and singles of 193, 180 and 241. Harry Henderson ended up with a 602 triple, with singles of 217, 203 and 182.

Singles over 200 were bowled by Laura Fagan with 246 and 219, Gord Bennett, 223 and 204, Marylou Bird, 218 and 201, Debbie Allin 261, Mary Woodcock, 211, Ev Perrin, 207, Betty Bennett, 203 and Freida Handy with 200.

appreciation, they are holding an "open house" on December 15, which is a Saturday so friends can view their new home which is built on the same spot but is a solar heated building. Come out and enjoy a visit and perhaps a spot of tea. Simon and Jody will greet you with their friendly wee smiles and friendly manner.

I've just heard that Amanda Thomas is back in Sick Children's Hospital again yesterday (Sunday) Please add your prayers to mine that she will overcome her difficulties and soon be home alive and well.

had a 642 triple, with singles of 213, 176 and 253 and Linda Morrison managed a 615 triple, with singles of 153, 192 and 270.

Single games over 200 were bowled by Shirley Hamilton, 207 and 203, Pearl Foster, 218, Caryl Harrison, 215, Freida Handy, 211, Susan Titus, 210, Ray Knapp 206, Marylou Bird, 205, Flo Henderson, 204, and Garnet Fagan, 202.

In the team standings, the Long Shots won the first 10 week series with 42 points. The team consists of Ev Stata, Muriel Peters, Ev Perrin, Garnet Fagan, Loretta Henderson and Debbie Allin. The Go Go Girls placed second

Rev. McMurtry, Attorney General
William Davis, Premier

HALIBURTON IGA MARKET

Haliburton Highlights

by Creighton Feir

This is the time of year that people are either buying their Christmas trees downtown, cutting them in the bush, or already have them up and decorated in their living rooms. It seems that in this day and age practically everyone buys their trees or use the artificial variety. It is at this time of the year that I look back when I was just a young lad and how I would look forward to picking up a couple of chums and heading for the woods to cut down a spruce Christmas tree. Sometimes we would walk for miles and then have to drag the tree all the way home. But when you think of it we have to agree that it was a lot of fun and a part of Christmas I always wanted to remember.

The first snowfall of the season arrived in Haliburton last Thursday and some of the citizens of the village were not prepared for it. Some of my friends were caught with their summer tires on and it made driving just that much harder. I honestly believe that some people didn't think we would have any snow until the new year.

Who says that the people of Haliburton aren't interested in public skating? Crowds in the neighbourhood of from 75 to 100 children and adults have been cutting the figure eights at the arena in Haliburton on Sundays for the past two or three months. We sometimes wonder if possibly it would be a good idea to have a night through the week just for adults. We will have to wait and see, but it would appear that Sunday afternoon seems to be a more popular time than in the evening.

The Haliburton Highlands Senior Citizens' Club held their monthly pot luck dinner at the auditorium at the Dysart Community Centre in Haliburton last Thursday. As usual it was another large crowd of senior citizens.

The Haliburton Winter Carnival can't be too far off. I notice that the members of the Rotary Club are selling tickets on a draw for a weekend in Toronto. It includes accommodation at the Royal York Hotel for two on Saturday evening, a steak dinner at the El Toro Steak House and hockey tickets for two at the Maple Leaf Gardens (compliments of Stuart House Int.). While on the subject of the Winter Carnival preparations are now underway and we are looking forward to a bigger and better carnival than ever before. Why not make it a point to join in and help in some way and you will be helping to insure that it will be a success.

Even though the train is no longer running from Lindsay to Haliburton we hope that we will never see the day when the tracks are pulled up. You never know when we are going to need them. There is one thing that we would like to see happen and that is, that in many people's opinion, mulch should be placed over the tracks where they cross the highway and what is better known as the first crossing. This mulch could easily be removed if at such time the train started coming in again. At the present time it seems silly that each time that a school bus comes to the tracks the driver must come to a complete stop and open the entrance doors to the bus.

The month of December will be a very busy month for the residents at Extensicare at Haliburton. Various musical groups from Haliburton County will be gathering there to entertain them and there will also be parties and plenty of that good Christmas food.

It was Joan Sutton who said that in the game of chess, the pawns move ever forward, to victory or defeat. In the game of life, people move in every direction, sometimes ending up farther back than they were at the start of the game.

A number of hockey fans from Haliburton and surrounding area travelled to Peterborough last Thursday night to watch the Junior A hockey game between the Peterborough Petes and the Kingston Canadiens. Bernie Nicholls son of Mr. and Mrs. George Nicholls of West Guilford is one of the stars of the Kingston Canadiens team.

Remember the "waiter, waiter" stories of twenty five years ago? Here are a couple of oldies: "Waiter, waiter, this food isn't fit for a pig. Very good Sir, I'll go and get you some that is". "Waiter, waiter, there's a fly in my soup. No sir, that's the chef. The last customer was a witch-doctor." and finally Mark Twain said: "Part of the secret of success in life is to eat what you like and let the food fight it out inside."

Bowling scores

from page 16
with 40 points, the Duds were third with 35, the Oh Shites were fourth with 33, the Crawlers ended up with 31, and the Yo Yo's finished the series on bottom with 29 points.

It was Sheila Beatty who rolled the high triple in the league last week, as she came up with a 677, with singles of 183, 229 and 265. Lil Gorveatt

Farm News

from page 16
Corn silage samples can vary by two to 3 percent in their protein content as well.

To be sure you are feeding your livestock for their optimum production, it is necessary to have your hay, haylage and corn silage analyzed.

To get your feed sampled for analysis and then ratios calculated for your livestock, contact either your local feed salesman or the Lindsay Agricultural Office.

Chatting with Irene

by Irene Moore

Don't say it! I will try to never predict the weather again, not after the storms last week. Anyway we got it over with before the folk south of us. Also speaking of snow I hope none of you had as much trouble getting a spot to park in Minden as I had. When they took the snow off the streets and parking areas they forgot that straight down and back up the middle of the streets did not give a person a place to park in the street, not at the side. On Friday I tried to park in the Municipal Parking lot, got in O.K. but had a job getting out. That snow comb is really hard to get over. I sure hope the streets are soon cleared properly or the merchants are going to start complaining for if you can't park anywhere, you can't shop can you? Oh well, we fared better than the Muskoka belt from what I heard.

Mrs. Arnold Coulter spent a few days with Mr. and Mrs. Cliff Barry in Haliburton last week.

My cacti are crazy. The Christmas cactus can't make up its mind whether to flower this month or not; while what they call the Easter cactus is budding all over; I have several of these and two are budding now.

Laura and Mike Bird of Toronto and Peterborough were home for the weekend.

Mr. and Mrs. Gordon Dawkins of Rexdale spent Saturday with Mrs. Ben Harrison.

Here's a good idea: pour a tablespoon of liquid fabric softener on a clean piece of cloth and put in the dryer along with wet laundry.

The Minden Library Centre group will meet in Minden Municipal Building at 8 p.m. on Monday, December 10.

A welcome to Mr. and Mrs. Roger Dart formerly of Toronto, who have taken up residence in McKayville.

Mr. and Mrs. Harry Campbell were getting ready to head south when Phyl took sick and had to spend several weeks in Ross Memorial Hospital, but is feeling better and out of the hospital now.

Winners at the L.O.B.A. Euchre card party were: lone hand - Verna MacDonald; Betty Harper, Marjorie Coulter, George Hewitt and Bill Elcome. Winner of the pillow cases was Harold Coulter.

Mr. and Mrs. Bud Stamp visited in Oshawa over the weekend.

What do you think of Ma Bell's idea to charge a toll on every phone call you make? To me it sounds ridiculous. The phone is a great comfort to older people as for some it makes their day to chat by phone with friends. The Bar Bell group formed in Peterborough should get full support in this struggle. If enough complain, Bell should

listen, but good. Sure it would not hurt the higher ups, but what about those on fixed income, etc. Start thinking about what it would mean to you or me and let's make our thoughts known. We all seem to be getting the run around from every side, what with the price of everything going up every time you turn around. We complain about prices in the stores, but it is not their fault, it goes higher than that and it is to our members of Parliament that the complaints said NO; the prices would have to stay frozen, not us.

Mrs. Ron Davis and family of Foleyet have been visiting with Mr. and Mrs. Earl Hewitt for a few days.

Mini card party winners last week were: Cribbage - Cora Hewitt, Vera Ward.

Euchre - lone hand - Della Griffin, Ruth Stewart and Freida Harrison.

These card parties are held every Thursday afternoon starting at 1:30 p.m. and are full of fun and friendship.

Mrs. J. Beattie is home after a visit with friends and relatives in the Toronto area.

Powdered skim milk is a favourite for many and it's cheaper. But if your family objects to the flavour try the following, the addition of a little imitation coffee creamer improves the flavour considerably. Dissolve two table-spoons of coffee creamer in 1/2 cup of hot water, then add to 1 quart of reconstituted skim milk.

Donna and Bob Mann had a lovely holiday in Las Vegas but are home again, now. Everyone needs extras in

the refrigerator for drop in friends; especially now, so here is a recipe to use for snacks.

Cheddar Cheese Rolls
1 (8 oz) pkg. cream cheese (softened)
1 lb. Cheddar cheese (shredded)
3/4 c. chopped walnuts
1/4 tspn. Worcestershire Sauce
paprika

Beat cream cheese in bowl until smooth and creamy, use electric mixer at medium speed. Blend in cheddar cheese, stir in walnuts and Worcestershire sauce. Divide mixture in thirds. Shape each third into a 10" roll. Roll in paprika. Wrap in plastic and store in frig. When needed cut in thin slices and serve on crackers.

The Minden United Church

Women are trying a new look for 1980. At their final meeting on November 26 it was decided to have three ladies acting in the president's chair starting in January. Mrs. Bea Berry will be taking the U.C.W. for the first three months, then Mrs. Lillian Mann takes over until the end of June and Mrs. Edna Sedgwick will be in charge for September, October and November. During July and August the 1st and 2nd vice presidents will be in charge. December meeting will be in charge of all. The U.C.W. meetings will be the first Monday of every month in 1980 instead of every two months.

Mrs. Annie Kernohan was in charge of the Devotional with the themes being hope and Christmas simplicity. Adios and take care now.

Recycle it!

by Jane Selbie

As winter sets in we should review our homes to locate a few ways to cut energy expenses. Here's a very small list of things to consider.

1. Close off unused rooms. Up to 15% of your costs can be reduced this way depending on the size of your house. Close vents; if radiators won't switch off, cover it with a blanket. Never allow rooms to go below 40 degrees F. or you could risk pipe damage.

2. Draw shades or curtains at night. Open them fully on sunny days.

3. Make a door draft jam. Any doors that seem to allow small drafts to enter at the floor opening needs this suggestion. Fill the leg of a panty hose with other stockings and all your old sewing scraps. A covering of attractive material will complete the project. Keep in place to reduce drafts considerably.

4. Close fireplace dampers when there is no fire. If no damper exists a covering of wallboard, sheet metal or styrofoam will prevent warm air from escaping.

5. Replace dirty filters in your furnace. They need changing if you are unable to see through them. Check them monthly. This will add to the life of your furnace.

7. Screen doors can be converted to storm doors by adding plastic.

8. Insulate older water heaters. You may find it unnecessary to maintain such hot water. Most can be adjusted to reduce the temperature a few degrees. To insulate simply wrap blanket insulation around the core. Do not cover the top. Hot water pipes can be insulated with special wrap around tape.

Mrs. Kathy Robb of Gananoque offers some ideas to consider when trying to keep within your budget.

"Impulse buying accounts for 42 to 75 percent of all purchases. If you run out of something, go to the store with only enough money for that particular item.

Serve wine instead of liquor when entertaining. Set up a budget. Mark a series of envelopes with appropriate categories. Fill the envelopes with chits for food, etc. in a reasonable amount that you can afford. When the envelopes are empty wait

until next pay day."

Set up a budget. Mark a series of envelopes with Mrs. Mary E. Robertson of Haliburton offers this energy saving suggestion. "If you have a hot water heating system with upright radiators, paint them black to get more heat. A sheet of aluminum foil behind them will also help by reflecting more heat into the room.

Have you a useful tip or recycling idea you would like to share? Send your suggestions to Recycle It! Haliburton Echo, Box 360, Haliburton, Ont. K0M 1S0.

A, H and M agrees to oppose paper

Anson, Hindon and Minden council has endorsed a resolution opposing the Quebec White Paper on Sovereignty-Association.

The decision was made at their regular council meeting last Wednesday, following the reading of a letter circulated to all municipalities in the province from the City of Barrie. The letter asks that each municipality in Ontario endorse the proposal, and that Premier William Davis, Premier Rene Levesque, the Federation of Canadian Municipalities and the Association of Municipalities of Ontario be advised of the decision.

The letter, read openly at council, stated "the City of

Barrie supports the position taken by the Premier of the Province of Ontario in opposing Quebec's White Paper and solicits the support of all municipalities to indicate to the Province of Quebec that we believe in a united Canada within the framework of Confederation."

In advising Levesque of the endorsement, the letter from Barrie council has asked that the letter be written in French, and enclosed a suggested format for the letter.

Deputy-revee Doug Pritchard jokingly suggested some problems in sending out the letter of endorsement in French.

"We don't have a French typewriter," he said.

Council endorses pricing proposal

A proposal regarding a wholesale pricing system that would require all hydro users to pay an equal share was endorsed by Anson, Hindon and Minden council last week.

In a letter from the Corporation of the City of North York council, a proposal was outlined whereby hydro users would pay an equal rate so

municipal hydro users are not unfairly required to subsidize large industrial users. The motion has been forwarded to all Ontario municipalities together with a request that they also endorse the position.

Council concurred with the resolution and agreed to endorse the proposal.

HUDAC NEW HOME WARRANTY PROGRAM

New detachment to be opened this Monday

The Honourable Douglas Wiseman, Minister of Government Services, and Mr. H.H. Graham, Commissioner of the Ontario Provincial Police, will officially open the new O.P.P. detachment building in Cobocook on Monday, December 10, 1979. The public is invited to attend the event, which takes place on the building site at 2 p.m.

Located on Highway 48 approximately a mile west of Highway 35, the \$370,000 detachment building provides modern and expanded facilities for 18 provincial police staff who serve the northern sector of Victoria County and Galway Township.

It is planned that O.P.P. District Superintendent John Closs will be Chairman of the ceremony. Other invited officials and dignitaries include William Scott, M.P. - Victoria - Haliburton; John Eakins, M.P.P. - Victoria-Haliburton; Jack Coulson, Warden of Victoria County; Everett Cameron, Reeve of Boxley Township; Maurice Watson, Reeve of Somerville Township; a representative of the project's construction contractor, plus senior officials of the Ministry of Government services and Ontario Provincial Police.

SNOW ROUTES MUNICIPALITY OF DYSART ET EL

No parking will be permitted on snow routes which interfere with snow removal operations.

Failure to observe this regulation will result in the removal, by wrecker, of the offending vehicle, authorized by the Road Supt. Howard Roberts and impounding the said vehicle until all towing fees are paid.

NOTICE

IN THE MATTER OF Section 35 of the
Planning Act (R.S.O. 1970, c. 349),

- and -

IN THE MATTER OF An application by the
Corporation of the United Townships of
Dysart, Dudley, Harcourt, Guilford, Harburn,
Bruton, Havelock, Eyre, and Clyde for
approval of its Restricted Area By-Law 77-32,
as amended by By-Law 79-36:

NOTICE

THE Ontario Municipal Board hereby appoints
Wednesday, the 2nd day of January, 1980, at the hour of
one o'clock (local time) in the afternoon at the Municipal
Building, Village of Haliburton, Ontario for the hearing
of all parties interested in supporting or opposing this
application.

If you do not attend and are not represented at this
hearing, the Board may proceed in your absence and you
will not be entitled to any further notice of the
proceedings.

In the event the decision is reserved, persons taking part
in the hearing may request a copy of the decision from
the presiding Board Member. Such decision will be
mailed to you when available.

DATED AT Toronto this 13th day of November, 1979.

Secretary

EXPLANATORY NOTE

The above referred to hearing is for the purpose of
obtaining approval of the Ontario Municipal Board to the
passing of the restricted area By-Law of the Corporation
of the United Townships of Dysart, Dudley, Harcourt,
Guilford, Harburn, Bruton, Havelock, Eyre and Clyde,
number 77-32, which was passed by the Council of the
United Townships of Dysart et al on July 11, 1977 and
which was subsequently amended by By-Law 79-36,
passed by the Council of the Corporation of the United
Townships of Dysart et al on June 28, 1979.

The hearing is for the purpose of allowing all persons
affected under the By-Law to attend and present
planning particulars of support or opposition to the
implementation of the By-Law by the Ontario Municipal
Board.

Wayne B. Wood, A.M.C.T.
Clerk-Treasurer

Corporation of the United Townships of
Dysart et al

The Expropriations Act

NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

IN THE MATTER OF an application by the Corporation of the Provisional
County of Haliburton for approval to expropriate land being part of Lot 22, Con.
5 in the Township of Harcourt in the Provisional County of Haliburton for the
purpose of the construction of the Elephant Lake Road (County Road #10).

NOTICE IS HEREBY GIVEN that application has been made for approval to
expropriate the land described as follows:
Part 4 on Registered Plan 19R647

Any owner of lands in respect of which notice is given who desires an inquiry
into whether the taking of such land is fair, sound and reasonably necessary in
the achievement of the objectives of the expropriating authority shall so notify
the approving authority in writing.

[a] in the case of a registered owner, served personally or by registered mail
within thirty days after he is served with the notice, or, when he is served by
publication, within thirty days after the first publication of the notice;

[b] in the case of an owner who is not a registered owner, within thirty days after
the first publication of the notice.

The approving authority is The Corporation of the Provisional County of
Haliburton, Box 399, Minden, Ontario.

The Corporation of the Provisional County of Haliburton

W.E. Obee, County Engineer

Notes

1. The Expropriation Act provides that,

[a] where an inquiry is requested, it shall be conducted by an inquiry officer
appointed by the Minister of Justice and Attorney General;

[b] the inquiry officer,

[i] shall give every party to the inquiry an opportunity to present evidence
and argument and to examine and cross-examine witnesses, either personally
or by his counsel or agent, and

[ii] may recommend to the approving authority that a party to the inquiry
be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the
approving authority may in its discretion order the expropriating authority to
pay such costs forthwith.

2. 'owner' and 'registered owner' are defined in the Act as follows:

'owner' includes a mortgagee, tenant, execution creditor, a person
entitled to a limited estate or interest in land, a committee of the estate of a
mentally incompetent person or of a person incapable of managing his affairs,
and a guardian, executor, administrator or trustee in whom land is vested;

'registered owner' means an owner of land who interest in the land is
defined and whose name is specified in an instrument in the proper registry,
land titles or sheriff's office, and includes a person shown as a tenant of land on
the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving
authority that he desires a hearing in respect of the lands intended to be
expropriated and any owner added as a party by the inquiry officer are parties
to the inquiry.

This notice first published on the 5th day of December, 1979.

27. THANK YOU

On behalf of our Mother, Mrs. Bryant - my two sisters and step Brother, I would like to say thanks to all the wonderful friends & relatives who made Mother's surprise Birthday such a great success.

A special thank you goes to the girls who worked so hard on the lovely dinner also to the people who supplied the music. It was great and to Bruce and Irene Higgins who tended bar for the evening. Good friends and relatives can make any evening a Great success. Thanks so much, Arthella Smith 27-P-5

The family of the late Joy Eileen Fry expresses our heartfelt thanks to all our friends and relatives who remembered us and shared with us during the recent loss of my dearly beloved daughter - dearly beloved sister and most dearly loved Aunt.

Also, Rev. Denny for his comforting words, Mr. Monk and staff of the funeral home in Minden.

Lillian, Myrna, Sheila & Jim - nieces & nephews 27-B-5

Haliburton Hairdressing is back in operation again, partly because of a lot of wonderful people who donated to help her get going, and Marion herself who might have said "That's it" but didn't.

We sincerely thank you for your thoughtfulness. The Marion Teatro Fund Nancy's Flowers, Box 712, Haliburton, Ont.

Mrs. Strauss, Bank of Montreal, Haliburton, Ont.

Mrs. Irene Bailey, Box 428 Haliburton, Ontario 27-P-5

This is a great place to live. It is nice to know that I have so many wonderful friends.

It is hard to send thank you cards to everyone who donated their time, money and talent. I hope this reaches everyone. Thanks again, I really appreciate all the financial help and support. Marion Teatro and Sons Haliburton Hairdressing 27-CA-5

Renewal stickers are on sale now, rates stay same

Renewal stickers for motor vehicle licences go on sale on Saturday, December 1, throughout Ontario.

There are no increases in 1980 motor vehicle licence fees which remain at \$30 for a four-cylinder car, \$45 for a six and \$60 for an eight with an engine displacement of less than 6.5 litres. Owners of eight cylinder cars with an engine displacement of more than 6.5 litres, registered after Dec. 1, 1977, will pay \$80.

1980 stickers will be blue on white in colour.

For the first time, trailer owners will pay a one-time fee of \$25, good for the life of the vehicle. They will also receive reflectorized plates.

Motorcycle registration fees remain at \$20.

Registration fees for privately owned passenger cars and motorcycles in the northern half of the province will continue to be \$10.

For vehicle registration purposes, "northern Ontario" consists of the territorial districts of Algoma, Cochrane, Kenora, Manitoulin, Parry Sound, Rainy River, Sudbury, Thunder Bay, Timiskaming and the portion of Nipissing lying north and west of Algonquin Park.

The 1980 registration fee for mopeds remains at \$5, the fee for snowmobiles and historic vehicles, \$10, anywhere in Ontario.

Licence renewal forms required by all drivers obtaining licence stickers will be available at all MTC offices, vehicle licence renewal offices, and LCBO outlets throughout Ontario.

Parliament

from page 5

higher risk than manufacturers, comprise one-quarter of FBDB lending, whereas for large private institutions, they make up only 15 percent.

Bill C-4 is a vital piece of legislation required at this time so that, as lending by the Federal Business Development Bank approaches the \$2.2 billion ceiling, the necessary lending provided by the bank will not have to be cut back while the review of operations and policies goes on.

Victoria-Haliburton constituency is served by the Federal Business Development Bank branch in Peterborough at 340 George Street North.

Chamber

from page 5

That of course is a popular statement but they followed up with a list of frills they felt we could get along without in these times of tight money. They recommend chopping the 1.3 million dollar Niagara Escarpment Commission along with the Ontario Economic Council and the Ontario Institute for Studies in Education. They also want a trimming back of the Ontario Educational Communications Authority, the sale of the Ontario Government's Savings Office and consolidation of various Ministries. A review of grant programs which encourage some municipalities to build things they don't really need was suggested.

The government excused themselves from most of the recommendations on the grounds that public demand for services will increase, not decrease. The Chamber maintains that all it takes is the ability to say: "No --- We can't afford it."

Regarding those "Groupies"

The Haliburton County Anti-Pollution Committee were concerned that we may have been referring to them in this column last week when we mentioned the "anti-everything groupies" at the Rare Earth meeting in Wilberforce. We assure one and all that the individuals in question were not from Haliburton County and that our own H.C.A.P.C. made a very responsible contribution to the meeting.
